RACE

The 2010 questionnaire lists 15 racial categories, as well as places to write in specific races not listed on the form. The 2010 Census continues the option first introduced in the 2000 Census for respondents to choose more than one race. Only 2.2 percent of Nebraskans identified with more than one race in the 2010 Census, but the percentage was much higher for children and young adults.
