## Summary of Alumni Survey

The alumni survey provides the university information on the lives of students one or more years after graduation and their opinions about various topics concerning their time at UNO and beyond. In the past, UNO used an external vendor, ACT, to conduct the alumni survey. The survey was long, the cost was high, the response rate was extremely low, and, ultimately, the vendor discontinued the survey. UNO decided the best route was to create and administer their own alumni survey.

Alumni from 2010 and 2012 were surveyed by UNO in Fall 2015 in an effort to learn which cohort would yield the highest response rate. In theory, these cohorts were selected because students had graduated long enough ago to be able to answer career-related questions, yet were recent enough to participate due to their connection and experience with UNO.

Survey Year	Cohort	Cohort Population	Communication Plan	Response Rate/Results
Fall 2015	2010 & 2012	5,067	Welcome invitation, reminders, prizes and basketball tickets	6%
Fall 2016	2011 & 2014	4,284	Welcome invitation, reminders, etc.	

In addition to seeking a high-response cohort, this first UNO-generated survey also tested a more personal approach. In place of a general cover letter, the chairperson of the Criminology and Criminal Justice (CRCJ) department drafted emails with her name and signature. One initial invitation and 3 reminders were sent, yielding an 8% response rate. Based on the low response rate and additional time required for the more personal approach, UNO's alumni committee decided to proceed with a mass email to all other alumni from 2010 and 2012 sent from the general UNO survey account email address.

- 4,975 UNO Alumni from 2010 and 2012 were emailed, 219 had invalid email accounts, therefore, 4,756 UNO Alumni were sent email requests to participate
- 287 Alumni completed the survey yielding a 6% response rate (see table below for response rate information).
- After the initial invitation message went out, the response rate was unacceptably low so incentives were added. The Office of Institutional Effectiveness added prizes, so that each person to complete the survey was offered a pair of basketball tickets. This generated 118 additional respondents, but only 32 people claimed tickets at the game – a 27% claim rate.
- Alumni that responded were also randomly selected to win prizes. Only 30% of winners collected their prizes.

Response Rates			
Alumni	Alumni Emailed	Responses Received	Response Rate
CRCJ	311	25	8.0%
UNO	4756	287	6.0%
CRCJ & UNO	5067	312	6.2%

  - Top 5 majors of those that felt their UNO degree was related to their current career field: Business Administration 17.6%, Criminology & Criminal Justice: 6.5%, Secondary Education 5.5%, Management Information Systems 4.2%, and Elementary Education 3.7%.
  - Top 5 majors of those that felt their UNO degree was not related to their current career field: Biology 9.5%, Criminology & Criminal Justice 9.5%, Business Administration 8%, History 8%, and Marketing 6.3%.
- [How well did your experience at UNO prepare you for your current job?](#) 87% of alumni felt UNO prepared them well or exceptionally well for their current position. Here are the top 3 majors that were represented by those alumni: Business Administration 14%, Criminology & Criminal Justice 8%, and Secondary Education 5%.
- [Academic success was encouraged and supported at UNO](#). 91.4% of UNO alumni agreed or strongly agreed that UNO encourages academic success.
- [How would you rate UNO \(for the time you attended\)?](#) 89.7% of alumni rated UNO as excellent or good for the time they attended.
- [Quality of instruction](#). 87.8% were very satisfied or satisfied with the quality of instruction at UNO.

- [Campus acceptance of diversity](#). UNO strives to create an atmosphere of cultural respect and appreciation. 82% of UNO alumni felt that UNO's campus accepts diversity. 82% of UNO alumni also felt that, [overall, there was a campus atmosphere of ethnic, political, and religious understanding or acceptance](#).
- It is important for students to come to UNO and feel safe; 88% of UNO alumni expressed [a sense of personal safety/security on campus](#). Similarly, 88% of alumni felt that [UNO was generally free from harassment](#).
- [Multicultural content of courses](#). Over 68% of alumni were satisfied/very satisfied with the wide variety of courses UNO had to offer.
- [Adequate opportunities for student involvement in campus activities](#). As a metropolitan university, UNO strives to overcome the stereotype of being a commuter college; 68% of the alumni were satisfied or more than satisfied with the campus activities that were offered.

## Further Discussion

- [Concern for me as an individual](#). Roughly a third of the population was either neutral or dissatisfied with UNO's concern for them as an individual. In its attempt to be a student-centered campus, UNO might consider a more rigorous investigation of the institutional factors related to these alumni's perceptions.
- [Analyzing numerical and statistical information](#). More than a third of alumni felt that UNO contributed minimally to this knowledge or skill, and of these alumni, approximately 91% were employed. Furthermore, 42% of females vs. 34% of males thought UNO contributed minimally to this knowledge or skill. This response raises real questions about the alignment between the quantitative demands of UNO's degree programs and employment demands for alumni.
- [UNO helped me develop /clarify a personal code of values and ethics](#): 70% of females vs. 59% of males felt that UNO helped them quite a bit/very much in developing a personal code of values and ethics.
