- ▶ Now as I beheld the living creatures, behold one **wheel** upon the earth by the living creatures, with his four faces. The appearance of the **wheels** and their work was like unto the color of a beryl [bright gold/yellow]: and they four had one likeness: and their appearance and their work was as it were a **wheel in the middle of a wheel**. When they went, they went upon their four sides: and they turned not when they went. As for their **rings [rims]**, they were so high that they were dreadful; and their rings were **full of eyes** round about them four. And when the living creatures went, the **wheels** went by them: and when the living creatures were lifted up from the earth, the **wheels** were lifted up. Whithersoever the spirit was to go, they went, thither was their spirit to go; and the **wheels** were lifted up over against them: for **the spirit of the living creature was in the wheels**.
