3.3 Part-Time Faculty Allocations

-Request to have letters of offer for all instructors to go through James McCarty in OASAA. Discussion held about a potential overload if all letters, including part-timers, needing central approval. SVC Hynes stressed using the common template will speed the process up. Discussion held about any potential delay causing us to lose quality part-time faculty.

This process was corrected after the meeting. Letters of Offer for part-time faculty continue to follow the usual process, as in the past, with an updated template letter.

Distribution of attachment that outlined each college's budget allocation from OASA for part-time instructors, which will be smaller than in recent years. A future discussion will be needed to talk about the equity of how each college funds their part-time instruction.

3.4 RPT Process Discussion (cont.) postponed due to time constraints

3.5 Distance Education Tuition Proposals

-Update on the proposal offered by central administration. Some discussion about the impact the 15% proposed increase would have on UNO and how fees and tuition might be distributed. Questions arose about whether increased tuition proposals incorporated fees appropriately and how the financial return to campus could be affected. President Milliken agreed to delay his final decision on the proposed increase after hearing of questions raised by the CAO's.

3.6 Higher Education Recruitment Consortium (HERC)--Terry Hynes

-Assists with recruitment of dual career couples. Cost of approximately \$30-40,000 per year would be required at this point. Discussion held and general agreement that it would not be the right initiative at this time.
