NSSE 2016
Selected Comparison Groups
University of Nebraska at Omaha
The NSSE Institutional Report displays core survey results for your students alongside those of three comparison groups. In May, your institution was invited to customize these groups via a form on the Institution Interface. This report summarizes how your comparison groups were constructed and lists the institutions within them.

NSSE comparison groups may be customized by (a) identifying specific institutions from the list of all 2015 and 2016 NSSE participants, (b) composing the group by selecting institutional characteristics, or (c) a combination of these. Institutions that chose not to customize received default groups that provide relevant comparisons for most institutions.

Institutions that appended additional question sets in the form of topical modules or through consortium participation were also invited to customize comparison groups for those reports. The default for those groups was all other 2015 and 2016 institutions where the questions were administered. Please note: Comparison group details for topical module and consortium reports are documented separately in those reports.

Comparison Groups are located in the institutional reports as illustrated in the mock report at right. In this example, the three groups are "GLC Peers," "Carnegie Peers," and "NSSE 2015 & 2016."

### Comparison Group Details
- **Comparison Group 1**: For institutions not in a NSSE consortium, this group contains 2015 and 2016 NSSE institutions in the same geographic region and sector (public/private).
- **Comparison Group 2**: All other 2015 and 2016 U.S. NSSE institutions sharing your institution's Basic Carnegie Classification. (Canadian institutions are not classified by the Carnegie Foundation, and must identify a comparison group.)
- **Comparison Group 3**: All other 2015 and 2016 U.S. NSSE institutions. (2015 and 2016 Canadian participants are also included in this group for Canadian institutions.)
