## CSN Service Offerings

CSN's IT investments can be categorized according to the services it provides. A comprehensive inventory of CSN's services and all associated investments is maintained to enable ongoing evaluation of strategic alignment, budgetary limitations, resource needs, and value provided. As new services are needed, existing services are reevaluated to ensure that redundant or outdated services and assets are identified and addressed. (DMA) (CC)

CSN Service Offerings:

- **Data Management and Analytics**
- **Communication and Collaboration**
- **Enterprise Information Systems**
- **Hardware and Software Support**
- **Internet and Network Connectivity**
- **IT Governance and Service Management**
- **Output Management**
- **Security and Identity Management**
- **Web Development and Support**
