Susan G. Broyles at (202) 357-6359 or you may call the IPEDS Processing Center at 1-800-334-EDUC.

**Due Date - October 1, 1988**

This form is authorized by law (20 U.S.C. 1221e-1). While you are not required to respond, your cooperation is needed to make the results of this survey comprehensive, accurate, and timely.

#### **PURPOSE OF THE SURVEY AND WHO SHOULD RESPOND**

The primary purpose of the Institutional Characteristics (IC) component of IPEDS is to collect the basic data that identify and describe the universe of postsecondary education institutions in the United States and its outlying areas. Each institution or branch campus should file a separate report so that they can be listed in the Directory of Postsecondary Institutions.

#### **USES OF THE DATA**

Survey results will be used in a variety of ways. For example, they will be used as the source file for sample design and selection for the remaining IPEDS surveys and other data collection activities involving postsecondary education institutions. Other uses include generating basic counts of institutions in each State by type, control and other key institutional characteristics; compiling directories of postsecondary education institutions that will be made available to the general public; and incorporating results into Career Information Delivery Systems throughout the nation. The data are extremely valuable for survey research design, statistical analysis, and general information purposes.

**GENERAL INSTRUCTIONS**

Please respond to each item on this report in the space provided. Certain responses are preprinted. These responses were provided by your institution on the previous IPEDS Institutional Characteristics survey. If a response is preprinted, verify that it is correct. If a preprinted response is incorrect, cross out the existing, incorrect response with a single line and clearly indicate the correct response.

Certain terms in the various questions and responses are italicized. These are terms whose definitions appear in the *Glossary*.

**I. INSTITUTIONAL IDENTIFICATION**

1. *Corporate Name and Address* - This is the full name and mailing address of the institution, including 9-digit zip code (if known), as it should appear in an institutional listing.
2. *Name and Title of Chief Administrator of Institution* - This is the name and title of the chief administrator of the entity covered by this report (Example: President, chancellor, Provost, etc.)
3. *Telephone Numbers* - These are the telephone numbers for general information inquiries, the Financial Aid Office, and the Admissions Office.
4. *Respondent* - This is the name, title, and telephone number of the person responsible for completing this report.
5. *Location of Institution* - This is the name of the county or independent city in which your administrative unit is located.

**II. PERIOD OF REPORT**

Report information as of the 1988-89 academic year, or the period July 1, 1988 through June 30, 1989.

**III. INSTRUCTIONS FOR PART A TYPES OF EDUCATIONAL OFFERINGS**

These questions are asked to verify the inclusion of this institution on the CES/IPEDS list of institutions and agencies offering all types of postsecondary education. Postsecondary education is the provision of formal instructional programs with curricula designed primarily

for students who have completed the requirements for a high school diploma or its equivalent. This is to include programs of academic, vocational and continuing professional education, and to exclude avocational and adult education programs.

**IV. INSTRUCTIONS FOR PART B ORGANIZATION AND ACCREDITATION**

The purpose of questions 1, 2A and 2B in this section is to identify the institution or entity that will be responsible for completing this survey form and other IPEDS survey forms. For individual institutions this will simply be the institution itself. However, for groups of institutions organized into systems or corporations, the system office or corporate headquarters may complete survey forms for itself and for all of its branch campuses. If you do not believe that your response to this section adequately describes the reporting process in your organization, please call your State Coordinator or Mrs. Susan Broyles at the Center for Statistics.

3. *Institutional Control or Affiliation* - Indicate the appropriate form of control or affiliation under which the institution operates. Affiliation with a religious group need not imply financial backing. Check the appropriate religious affiliation. If the religious affiliation is Protestant or other, specify the denomination. If more than one response is appropriate, check all that apply.

4. *Level of Offering* - Check all applicable levels for all credit programs offered at this institution. Program levels are identified on the basis of either recognition for their completion, or duration, or a combination thereof.

1. Check box a. (yes) if your entity is an institution of postsecondary education, a branch of such an institution, or a central or systems office of an institution that will respond to all IPEDS surveys. A list of IPEDS surveys is provided. If box b. (No) is checked, be sure to indicate the correct IPEDS ID number of the entity that will respond for you and the IPEDS forms that this entity will complete. This will assist us in correctly computerizing the next IPEDS mailout.

(a), (b), and (d) - Note that these categories are differentiated on the basis of *length* of programs. Do not designate the categories on the basis of the terminology used by the institution to describe these completions. All references to length of study should be interpreted to mean the equivalent of full-time academic years; that is, at least 1 but less than 2 years refers to the number of credits or the courseload that would normally be completed by a full-time student attending within the stated time periods. One academic year equals 30 semester credit hours or its equivalent, or 900 contact hours of instruction.

2A. If your institution will fill out any IPEDS forms for any other entity, please check yes and provide the information indicated; be sure to include the IPEDS ID numbers.

(c), (e), (g), (i) and (j) - Indicate those degree levels for which the institution is authorized to make formal awards.

2B. If your institution offers postsecondary programs, please check yes and complete the remainder of this form. If your entity is an administrative unit only, such as a central or system office and does not offer any postsecondary education programs of its own, then check "No" and return this form.

(f), (h), (k) - Indicate programs for which the institution offers formal recognition at these levels. Examples might be additional credit hours needed to complete licensure requirements; refresher courses in any technical or professional area; certificates of competency (for example in performing arts); or advanced work that does not meet the requirements for the next higher degree but constitutes an organized program of study and is recognized by the institution.

5. *No Formal Award Programs*- Indicate whether this institution offers programs with stated occupational objectives and well-defined completion requirements that do not lead to a formal award.

6. *Institutional Accreditation*- Indicate the types of agencies which accredit this institution.

7. *Programmatic Accreditation*- If this institution has programs that have specialized accreditation by programmatic accrediting agencies, recognized by the U.S. Department of Education (Higher Education and Occupational/Vocational Institution Eligibility Agencies), refer to the attached list and enter the appropriate code number of the program accreditation in the spaces provided.

## V. INSTRUCTIONS FOR PART C CALENDAR, ADMISSION REQUIREMENTS AND SERVICES

1. *Calendar System* - Indicate the predominant calendar on which the institution operates. If courses or programs are offered on more than one calendar, select the system under which most courses or programs are offered. If there is no predominant calendar system at this institution and the term of each program is different, check "Differs Program by Program."

2. *Location of Course Instruction* - Indicate all locations where credit or non-credit courses are offered. The intent of this item is to identify geographically dispersed sites used for instructional offerings. Do not use the category of "Abroad" to refer to study-abroad programs that involve travel or visitation in other countries.

3. *Types of Facilities Used for Course Instruction* - Indicate all of the types of facilities at which credit or non-credit course instruction is offered. Do not include facilities such as rented space on or adjacent to primary campuses.

4. *Course Instruction at Military Installations* - Indicate whether your institution offers credit courses at military installations in States and territories and/or abroad.

6. *Average High School Percentile* - Indicate the average percentile rank of all students in your last entering freshman class. Compute the average by summing the percentile ranks for all entering freshmen and dividing by the number of entering freshmen included in the sum. If it is not possible to compute the average, please estimate it.

7. *University Without Walls* - Indicate whether there are special programs that are characterized by open admission policies, external degree programs, or use of non-traditional instructional delivery systems (telecourses, etc.)

8. *Modes of Instruction* - For credit and non-credit activities separately, indicate from the choices listed all of the types of instructional delivery that are employed by the institution at any of its locations. This list is not intended to be exhaustive, and omits the more traditional instructional modes.

a. Experience in a job-related setting, with pay, could include programs in which substantial periods of academic study alternate with work for pay in industries and occupations which are the objectives of the program. It could also include employment held simultaneously with instruction if the employment was considered an integral part of the program. Include research and teaching assistantships here.

b. Experience in a job-related setting, without pay, could include student/practice teaching or unpaid internships.

9. *Selected Student Services* - Indicate which of the selected services are provided for students at the institution. Check "remedial services" if the institution has either required or voluntary activities designed to raise basic achievement levels or to improve basic skills. Include day care if the service is available, whether or not enrollees are charged a fee.

10. and 11. *Library*- Indicate whether this institution has a library, and, if it has, the characteristics of it.

If dormitory facilities or room and board are provided, these charges should be reported in questions 7 and 8; report in question 9.c. the average amount for students not living in dormitories. If your institution is eligible for student financial aid, report those amounts used by the financial aid office for computing awards. Otherwise, please estimate these amounts.
