Graduation Rates 2019-20

Overview

Graduation Rates Overview

Welcome to the IPEDS Graduation Rates (GR) survey component. The GR component collects data on the cohort of full-time, first-time degree/certificate-seeking undergraduate students and tracks their completion status at 150% of the normal time to complete all requirements of their program of study. This information is collected to assist institutions in complying with the requirements of the Student Right-to-Know Act.

Data Reporting Reminders

Once a student is in the cohort, they remain in the cohort, even if their status changes to part-time or they drop out or transfer out of the institution. However, adjustments can be made to the cohort for allowable exclusions, which include the death of a student, permanent disability, military deployment, or service on an official church mission or with a foreign aid service of the Federal government.

 When reporting award levels for sub-baccalaureate certificates, determine program length by the number of credit or clock hours, NOT the academic year length in parentheses. The academic year length is meant only to provide context.

Changes to reporting for 2019-20

- There are clarifications to the terms "transfer-in student" and "transfer-out student".
- As a clarification to the reporting of transfers-out, if a student transfers out of an institution and goes to another institution within the same coordinated system, they should be counted as a transfer-out student. Since each reporting entity that has an IPEDS UnitID is recognized as an individual reporting institution for Graduation Rates purposes, only report completers if that campus confers the award or degree.
- The term 'contact hour' has been replaced with the term 'clock hour'.
- The term 'formal award' has been replaced with the term 'recognized postsecondary credential'.
- There is a new instruction to exclude students participating in Experimental Pell (See <https://experimentalsites.ed.gov/exp/approved.html>)

Section I - Establishing cohorts

Based on your institution's response to the predominant calendar system question (B3) on the Institutional Characteristics Header survey component from the IPEDS Fall 2019 data collection, your institution must report graduation rates data using a:

Fall Cohort

A fall cohort is used by institutions with standard academic terms (semester, trimester, quarter, 4-1-4). A full-year cohort is used by institutions offering primarily occupational/vocational programs and operating on a continuous basis.

Establishing cohorts

NOTE: Reporting using the new race/ethnicity categories is now mandatory. On this screen you will need to revise your preloaded 2013 cohort of full-time, first-time degree/certificate-seeking undergraduate students to the new race/ethnicity categories (if applicable). For information and assistance with this, please visit the [IPEDS Race/Ethnicity Information Center](#).

Section I - Establishing cohorts

- Incoming students seeking a bachelor's degree should be reported in Column 02. Column 03 will then be generated for you. Column 03 is meant to include any full-time, first-time entering students who were seeking a degree or certificate other than a bachelor's degree, such as an associate's degree or undergraduate certificate.
- If you have no changes to the preloaded data on this screen, click the "Save and Next" button to generate additional screens for reporting completers and transfers/exclusions.

Establishing cohorts

- Report Hispanic/Latino individuals of any race as Hispanic/Latino
- Report race for non-Hispanic/Latino individuals only

Section II - Bachelor's or equivalent degree-seeking subcohort - Completers within 150%

- In the columns below, report the status of the bachelor's degree-seeking subcohort of students listed in Column 10.
- Of the students in Column 10, those who attained a degree or certificate OTHER THAN A BACHELOR'S DEGREE within 150% of the normal time to complete the program as of August 31, 2019 should be reported in either Column 11 or 12, depending on the length of the program completed.
- Of the students in Column 10, those who attained a bachelor's degree or equivalent within 150% of normal time should be reported in Column 18.

Section II - Bachelor's completers by length of time to degree

Those students in the bachelor's or equivalent degree-seeking subcohort who attained a bachelor's degree or equivalent within 150% of normal time to completion, as reported on the previous screen, are listed in Column 18. In Column 19, report the number of these students who earned a bachelor's degree in 4 years. In Column 20, report the number of these students who earned a bachelor's degree in 5 years. Column 21 will be calculated for you.

Section II - Bachelor's or equivalent degree-seeking subcohort - Transfers/exclusions

- In the columns below, report the status of those students in the BACHELOR'S OR EQUIVALENT DEGREE-SEEKING SUBCOHORT listed in Column 10 who did not complete a program within 150% of normal time to completion.
- Report transfers-out who did not complete a program in Column 30. If the mission of your institution includes providing substantial preparation for students to enroll in another eligible institution WITHOUT having completed a program, you must report transfer-out data in Column 30. A school is required to report only on those students that the school knows have transferred to another eligible institution. A school must document that the student actually transferred. If it is not part of your mission, you may report transfer-out data if you wish.
- Report eligible exclusions from the subcohort in Column 45. The ONLY allowable categories for this column are:
Students who died or became permanently disabled
Students who left school to serve in the armed forces (or have been called up to active duty)
Students who left school to serve with a foreign aid service of the Federal Government
Students who left school to serve on an official church mission
- Column 52 [No longer enrolled] will be calculated for you. This includes students who have dropped out as well as those who completed in greater than 150% of normal time.
- If you do not have any values to report in either Column 30, 45, or 51, you must enter at least one zero in a field on this screen to continue.

For each subcohort, report the number of students in the cohort, total exclusions for the cohort, the number of students that completed a bachelor's or equivalent degree within 150% of normal time to completion, and the total completers within 150%.

- Recipients of a Pell Grant and Recipients of a Direct Subsidized Loan that did not receive a Pell Grant are **mutually exclusive**, that is, if a student is in one cohort, they cannot be in the other cohort.

- The total of these 2 subcohorts must be less than the Bachelor's or equivalent degree-seeking cohort

Section III - Other degree/certificate-seeking subcohort - Completers within 150%

- In the columns below, report the status of the subcohort of students seeking other than a bachelor's or equivalent degree listed in Column 10.
- Of the students in Column 10, those who attained a degree or certificate other than a bachelor's degree within 150% of the normal time to complete the program as of August 31, 2019 should be reported in either Column 11 or 12, depending on the length of the program completed.
- Of the students in Column 10, those who attained a bachelor's degree or equivalent within 150% of normal time should be reported in Column 18.

Summary**2019 IPEDS Graduation Rate Component Data Summary**

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2019.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Perform Edits	The reported number of transfer-out students from the Other degree/certificate-seeking subcohort (Column 30) is greater than expected. This number should include ONLY students who transferred out to another eligible institution. Do NOT include all non-completers here. If this number is correct, please explain. (Error #4287)	Explanation	Yes	
Reason:	UNO only includes students enrolled on our campus. Previously we would count the student as enrolled if they were on another University of Nebraska campus but our reporting rules have changed to only include students enrolled on our campus. The students who are enrolled on another Nebraska campus are now reported as transfer out students, which is why that number is higher.
