 WASHINGTON, D.C. 20202
 HIGHER EDUCATION GENERAL INFORMATION SURVEY (HEGIS XII)
 DEGREES AND OTHER FORMAL AWARDS CONFERRED
 BETWEEN JULY 1, 1976 AND JUNE 30, 1977

PLEASE
 READ
 INSTRUCTIONS
 BEFORE
 COMPLETING
 THIS FORM.

FORM APPROVED
 OMB NO. 51-R0561

1. INSTITUTION CODE NUMBER
 002554
 2. DUE DATE
 Not later than August 15, 1977

NOTICE: This report is mandatory only for those institutions subject to the requirements of Title VI of the Civil Rights Act of 1964 and Title IX of the Education Amendments of 1972. For the other institutions, it is voluntary. See page 3 for further information.

Please supply all the identifying information requested on this page. When the survey form has been completed, please return it either directly to Department of Health, Education, and Welfare, Education Division, National Center for Education Statistics, ATTN: Room 3073-HEGIS, 400 Maryland Avenue, SW., Washington, D.C. 20202, or to the HEGIS coordinator, if there is a HEGIS coordinator in your State.

3. FROM U OF NEBRASKA AT OMAHA P O BOX 688 OMAHA NE 68101	PUB F 002554 1	4. NAME AND TITLE OF RESPONDENT JAMES MAYNARD, DIRECTOR INSTITUTIONAL RESEARCH	5. TELEPHONE NUMBER OF RESPONDENT (area code, local number, and extension) (402) 554-2367
--	--------------------------	--	--

6. PLEASE NOTE THAT EACH INSTITUTION, BRANCH, CAMPUS OR OTHER ENTITY SEPARATELY CERTIFIED BY THE DIVISION OF ELIGIBILITY AND AGENCY EVALUATION (DEAE) OF THE U.S. OFFICE OF EDUCATION, WITH IT'S OWN FICE CODE, AND LISTED SEPARATELY IN THE EDUCATION DIRECTORY. COLLEGES AND UNIVERSITIES, SHOULD BE REPORTED ON A SEPARATE SURVEY FORM AND NOT INCLUDED OR COMBINED WITH ANY OTHER SUCH CERTIFIED UNIT. BRANCHES, CAMPUSES, AND OTHER ORGANIZATIONAL ENTITIES NOT SEPARATELY CERTIFIED SHOULD BE INCLUDED WITH THE APPROPRIATE INSTITUTION OR BRANCH REPORT. IF SUCH ARE INCLUDED IN THIS REPORT, PLEASE LIST THEM BELOW.

ARE DATA FOR THIS UNIT INCLUDED IN THIS REPORT?	NAME OF BRANCH AND/OR OTHER CAMPUS	ADDRESS (city, State, and ZIP code)
<input type="checkbox"/> YES <input type="checkbox"/> NO		
<input type="checkbox"/> YES <input type="checkbox"/> NO		
<input type="checkbox"/> YES <input type="checkbox"/> NO		

7. IF THE EDUCATIONAL ORGANIZATION OR ENTITY COVERED BY THIS SURVEY REPORT IS PART OF A MULTI-CAMPUS INSTITUTION, OR PART OF A SYSTEM OF INSTITUTIONS, PLEASE ENTER THE NAME OF THE INSTITUTION OR SYSTEM BELOW. IF NOT APPLICABLE, CHECK HERE →

		EXTENSION

DEFINITIONS

MULTI-CAMPUS INSTITUTION. An organization bearing a resemblance to an institutional system, but unequivocally designated as a single institution with either of two organizational structures: (1) an institution having two or more campuses responsible to a central administration (which central administration may or may not be located on one of the administratively equal campuses) or (2) an institution having a main campus with one or more branch campuses attached to it.

MAIN CAMPUS. In those institutions comprised of a main campus and one or more branch campuses, the main campus (sometimes called the parent institution) is usually the location of the core, primary, or most comprehensive program. Unless the institution-wide or central administrative office for such institutions is reported to be at a different location, the main campus is also the location of the central administrative office.

BRANCH CAMPUS. A campus of an institution of higher education which is organized on a relatively permanent basis (i.e., has a relatively permanent administration), which offers an organized program or programs of work of at least 2 years (as opposed to courses), and which is located in a community different from that in which its parent institution is located. To be considered in a community different from that of the parent institution, a branch shall be located beyond a reasonable commuting distance from the main campus of the parent institution.

INSTITUTIONAL SYSTEM. A complex of two or more institutions of higher education, each separately organized or independently complete, under the control or supervision of a single administrative body.

MANDATORY VERSUS VOLUNTARY REPORTING

MANDATORY REPORTING

Title VI of the Civil Rights Act of 1964 requires that services and benefits provided by recipients of Federal financial assistance be offered without regard to race, color, or national origin. Title IX of the Education Amendments of 1972 requires that, with certain exceptions, the services and benefits of federally assisted educational programs and activities be offered without discrimination on the basis of sex. This report is one indicator utilized by the Office for Civil Rights (*OCR*) in carrying out its responsibilities to verify compliance with Title VI and Title IX.

The portions of this report which relate to racial/ethnic data are to be completed by all institutions of higher education that receive, are applicants for, or expect to be applicants for Federal financial assistance as defined in the HEW Regulation implementing Title VI (*45 CFR 80.13*), or as defined in any HEW Regulation implementing Title IX. If your institution does not fall into any of these categories, please inform us of this fact.

Section 80.6(b) of the Regulation implementing Title VI (*a portion of which is set forth below*) and similar provisions of the Title VI Regulations of other Federal agencies, authorize collection of this information.

"80.6 Compliance information

(b) Compliance reports

Each recipient shall keep such records and submit to the responsible Department official or his designee timely, complete and accurate compliance reports at such times, and in such form and containing such information, as the responsible Department official or his designee may determine to be necessary to enable him to ascertain whether the recipient has complied or is complying with this part."

VOLUNTARY REPORTING

Those institutions to which these regulations do not apply are not required to complete this questionnaire, which is authorized by law (P.L. 93-380). However, it is hoped that institutions not subject to the provisions of Title VI and Title IX will voluntarily complete all portions of the survey (*or at least all except the racial/ethnic data portions*) as they have done in the past. Doing so will enable the National Center for Education Statistics (*NCES*) to continue to publish complete data on earned degrees for the Nation, the States, and individual institutions.

This survey constitutes an integral part of the comprehensive system of statistics on higher education collected by *NCES* as part of the Higher Education General Information Survey (*HEGIS*). As such it collects basic data widely used by planners and researchers.

COMBINED REPORTING

In recent years the Office for Civil Rights (*OCR*) has collected some data on degrees conferred by racial/ethnic category from selected States. In order to lighten the burden on reporting institutions by eliminating the considerable duplication of effort in reporting to two separate agencies, the *OCR* survey has been combined with this survey form and integrated into the *HEGIS* program.

DEGREES AND OTHER FORMAL AWARDS CONFERRED BETWEEN JULY 1, 1976 AND JUNE 30, 1977

SURVEY COVERAGE

This report is divided into 3 parts.

PART A is concerned with first-professional degrees only.

PART B is concerned with bachelor's, master's, and doctor's degrees.

PART C is concerned with awards below the bachelor's level (*Associate degrees and other formal awards*).

Many institutions will appropriately skip one or more of the 3 parts and one or more of the divisions within Parts B and C. If a particular part (*A, B, or C*) does not apply to your institution, please indicate that fact in the space provided and forward that page along with those pages completed.

If you will identify the divisions in which your institution grants degrees

by circling the appropriate page numbers in the contents on page 2, it will be helpful.

Classification of the major fields of study used in this survey has been presented in the following publication:

U.S. Department of Health, Education, and Welfare, Education Division, National Center for Education Statistics, *A Taxonomy of Instructional Programs in Higher Education*. By Robert A. Huff and Marjorie O. Chandler, OE-50064-70. Washington: U.S. Government Printing Office, 1970. Price \$.45.

NOTE: Listings of data for individual institutions are regularly included in published reports of this survey.

GENERAL INSTRUCTIONS

1. INCLUSIVE DATES. Report only those degrees (*including awards in Part C*) which were actually conferred between July 1, 1976, and June 30, 1977. Degrees earned but not yet conferred during this time period should be reported in next year's survey.

2. INSTITUTIONAL COVERAGE. A separate report is requested from each branch or member of a system, as well as from each entirely independent institution and each "parent" institution. Please provide the information requested in item 6 on the cover page, which is intended to permit complete identification of the reporting unit. Do not include degrees conferred by branches of your institution located in foreign countries.

3. CONSULTATION ON PROBLEMS. If clarification of the definitions and instructions is needed, please consult the associate survey director, Mrs. Agnes Q. Wells, Department of Health, Education, and Welfare, Education Division, National Center for Education Statistics, 400 Maryland Avenue, SW., Washington, D.C. 20202. Or you may reach Mrs. Wells by telephone: (202) 245-8392, between 8:00 AM and 4:30 PM, EST or EDT.

4. RETURNING FORMS. Unless otherwise instructed by the coordinating agency in your State, completed forms should be addressed: Department of Health, Education, and Welfare, Education Division, National Center for Education Statistics, Attention: Room 3073-HEGIS, 400 Maryland Avenue, SW., Washington, D.C. 20202.

5. MAJOR CHANGES. If the number of degrees you report in any area is significantly larger or smaller than the number you reported last year, it will be most helpful if you will include explanatory notes on the form or on an accompanying sheet of paper. If degrees were conferred for the first time in 1976-77 in a discipline specialty new to your institution, please indicate by circling the "line number" in column 3. If your institution now awards degrees at a different level in a specialty in which you awarded degrees prior to 1976-77, please circle the cells in the appropriate degree fields.

6. RACIAL/ETHNIC DATA. In Part A the number of graduates in each first-professional field should be shown by racial/ethnic category. In Parts B and C racial/ethnic summaries are requested for each discipline division. The definitions for these categories are:

Non-resident alien. A person who is not a citizen of the United States and who is in this country on a temporary basis and does not have the right to remain indefinitely. Resident aliens, non-citizens who have been lawfully admitted for permanent residence (*and who hold a "green card" - Form I-151*), are to be reported in the appropriate racial/ethnic categories along with United States citizens. Non-resident aliens are to be reported separately, on the lines provided, rather than in any of the five racial/ethnic categories which follow.

Black, non-Hispanic. A person having origins in any of the black racial groups (*except those of Hispanic origin*).

American Indian or Alaskan Native. A person having origins in any of the original peoples of North America.

Asian or Pacific Islander. A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Pacific Islands. This area includes, for example, China, Japan, Korea, the Philippine Islands, and Samoa.

Hispanic. A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

White, non-Hispanic. A person having origins in any of the original peoples of Europe, North Africa, the Middle East or the Indian sub-continent (*except those of Hispanic origin*).

Racial/ethnic designations as used in this survey do not denote scientific definitions of anthropological origins. For the purpose of this report, a student may be included in the group to which he or she appears to belong, identifies with, or is regarded in the community as belonging. However, no person may be counted in more than one racial/ethnic group.

The manner of collecting the racial/ethnic information is left to the discretion of the institution provided that the system which is established results in reasonably accurate data. One acceptable method is a properly controlled system of post-enrollment self-identification by students. If a self-identification method is utilized, a verification procedure to ascertain the completeness and accuracy of student submissions should also be employed where feasible. In order to provide reasonably accurate data, the institution may require students to complete a questionnaire and/or identify themselves by name or otherwise when providing information. The fact that the information is being gathered in compliance with Title VI of the Civil Rights Act of 1964 and Title IX of the Education Amendments of 1972 may be disseminated in the manner and to the extent that the institution deems appropriate.

7. CHECKING. Parts B and C of the form are designed to simplify the checking to see that both the discipline specialties and the racial/ethnic categories add to the total for a division. By adding down the specialty lines and up the racial/ethnic lines, both should result in the same division totals. Please be sure that these additions are verified prior to returning the form. This will reduce the need for this office to ask for clarification later.

8. SPECIFIC INSTRUCTIONS ARE PROVIDED FOR EACH OF THE 3 PARTS.

INSTRUCTIONS FOR PART A: FIRST-PROFESSIONAL DEGREES CONFERRED IN SELECTED FIELDS, 1976-77

Only the 10 professions listed below should be reported in Part A. Within these professions, report first-professional degrees only. A first-professional degree is defined herein as one which meets all three of the following criteria:

(1) it signifies completion of the academic requirements to begin practice in the profession; (2) it is based on a program which requires at least 2 years of college work prior to entrance; and (3) a total of at least 6 academic years of college work is required to complete the degree program, including prior required college work plus the length of the professional curriculum itself.

The "Other" category is to be used only in the event that there are first-professional degrees within the 10 professions other than those specifically named in connection with those professions.

For each of the 10 disciplines, degrees other than first-professional are to be reported in Part B.

The TOTAL line (line 14) should show the sums of the entries in each discipline in columns 4 and 5.

PART A: FIRST-PROFESSIONAL DEGREES CONFERRED IN SELECTED FIELDS (Requiring at least six years of study)

IS PART A APPLICABLE TO YOUR INSTITUTION? YES NO (If not applicable, return this page and discard pages 6 through 9.)

INSTRUCTIONS FOR PART B: BACHELOR'S, MASTER'S, AND DOCTOR'S DEGREES

1. **TYPES OF DEGREES.** Report earned bachelor's, master's, and doctor's degrees, except for those first-professional degrees reported in Part A. Report certificates and diplomas if they are equivalent to a bachelor's degree and if they are based on at least 4 years of college work.

Do not report honorary degrees.

Certificates for work between the master's degree and the doctor's degree should be separately listed at the end of Part B. See 5(d) below.

(Report Associate in Arts degrees or similar awards below the bachelor's level in Part C.)

2. **GROUPING OF DISCIPLINES.** The major fields of study to be reported here fall in the following discipline divisions:

0100 Agriculture and Natural Resources	1300 Home Economics
0200 Architecture and Environmental Design	1400 Law
0300 Area Studies	1500 Letters
0400 Biological Sciences	1600 Library Science
	1700 Mathematics
0500 Business and Management	1800 Military Sciences
0600 Communications	1900 Physical Sciences
0700 Computer and Information Sciences	2000 Psychology
0800 Education	2100 Public Affairs and Services
0900 Engineering	2200 Social Sciences
1000 Fine and Applied Arts	2300 Theology
1100 Foreign Languages	4900 Interdisciplinary Studies
1200 Health Professions	

3. **SKIPPING INAPPLICABLE DISCIPLINES.** Skip those discipline divisions for which your institution does not grant degrees. Please indicate by circling the appropriate page number in the "contents" the discipline divisions in which your institution awarded degrees.

4. **NUMBER OF DEGREES.** Report all degrees (within the limitations of paragraph 1, above). If a student earned two degrees between July 1, 1976 and June 30, 1977 (e.g., a bachelor's degree at the end of the summer session and a master's degree at the end of the following academic year), report each of the two degrees in its appropriate classification.

5. DEGREE LEVELS.

(a) Report all BACHELOR'S DEGREES requiring at least 4 but not more than 5 years of academic work in Columns (4) and (5) of the report-form. Also, report ALL bachelor's degrees conferred in a COOPERATIVE or WORK-STUDY PLAN or PROGRAM in Columns (4) and (5). A cooperative plan provides for alternate class attendance and employment in business, industry, or government; thus, it allows the student to combine actual work experience with his college studies.

(b) MASTER'S DEGREES. The master's degree in liberal arts and sciences is the degree customarily granted upon successful completion of one (sometimes two) academic years of work beyond the bachelor's degree.

Except for the Master of Divinity degree (Part A), report all master's degrees in Part B, Columns (6) and (7) (even though the master's is required in some fields, such as Library Science, Hospital Administration, and Social Work, for employment at the professional level, and even though, as in the case of Social Work, 4 years of undergraduate work are required for entrance into the program and an additional 2 years for completion.) Report Education specialist (6-year degree) in same columns as master's degrees, in appropriate discipline specialty in Education (0800).

(c) DOCTORATE. The doctorate classification includes such degrees as Doctor of Education, Doctor of Juridical Science, Doctor of Public Health, and the Ph.D. degree in any field whether Agronomy, Food Technology, Education, Engineering, Public Administration, Ophthalmology, Radiology, etc. (In the case of the Doctor of Public Health, the prior professional degree is generally earned in the closely related professional field of medicine or of sanitary engineering.) Please report the doctor's degrees (except those included in Part A) in Columns (8) and (9) of the report-form.

(d) OTHER DEGREE OR CERTIFICATE. If your institution provides any recognition (degree or certificate) for a program intermediate between the master's degree and the doctor's degree (Ph.D., Ed.D., etc.) which in essence is the doctor's degree without the dissertation (for example, Master of Philosophy, Candidate-in-Philosophy, etc.) (do not include 6-year specialist degrees), please report the name of the degree or certificate and the number of students receiving it in the item at the end of Part B (after Item No. 9800). (Do not include in the tabulated figures for Bachelor's, Master's, and Doctor's degrees in the report-form.)

6. CLASSIFICATION OF DEGREES ACCORDING TO MAJOR FIELD OF STUDY

(a) Specific Classification. Classify degrees as specifically as the list of specialties in the broad discipline divisions of the report form permits. Thus, report a bachelor's degree in business administration with an accounting major in Accounting (0502), NOT in Business and commerce, general (0501).

(b) Degree of Doctor of Philosophy. Classify the Doctor of Philosophy degree according to the student's major field of study. Thus, a Ph.D. in Chemistry should be reported as a degree in Chemistry, NOT as one in Philosophy.

(c) Majors of Students Prepared to Teach. The general rule is to classify degrees according to the major area of specialization. This means, in general, that degrees of students who have prepared to teach an academic subject, such as English, biology, or foreign languages, should be reported respectively in Letters, Biological Sciences, and Foreign Languages and NOT in Education. On the other hand, the degrees of students who have prepared to teach such special subjects as agriculture, art, music, etc. should be reported in Agricultural education (0899-1, Art education (0831), and Music education (0832).

(d) Split major. When a student graduates with a split major, report the degree in the area of greater specialization, if possible. If this is not possible, the degree should be reported in the discipline specialty closest to the combination. If a split major involves two languages, report it in 1101, Foreign languages, general. Similarly, within each of the other discipline divisions, if a split major involves two specialties within a division, the degree should be reported under the appropriate "general" specialty indicated under that discipline heading. For example, a major in history and political science should be reported under 2201, Social sciences, general. If the split major covers more than one discipline division, the degree should be reported in the area of greater specialization. DO NOT REPORT FRACTIONS OF A DEGREE.

(e) Double majors. When a student graduates with a major in two discipline specialties, report the degree in the field in which the degree was awarded. If the student received two degrees, report only one—in the field of greater specialization, if possible.

(f) Unlisted Fields of Study. When classifying a specialty which does not seem to fit into the list, the institution has two choices: (a) the specialty can be listed by name under "other" if it represents an

unlisted specialty, or (2) it can be placed in a "general" category if it covers several listed specialties. Do NOT erase or change any titles of discipline specialties.

Discipline specialties are coded by number. Key punching is done according to code number and any manual name change would result in improper coding.

(g) General Majors. The term general major is used to designate diversified curriculums within an area of study. Ordinarily, degrees based on a general major should be reported in one of the general categories of the report-form, such as Physical sciences, general (1901); Social sciences, general (2201); Humanities and social sciences (4903), etc. Thus a degree based on concentration in History-Government-Economics should be reported in Social sciences, general.

(h) Interdisciplinary Studies. The code in the 4900 group are for reporting fields of study which represent two or more broad discipline divisions; for example, Mass Communications, encompassing segments of psychology, education, business, journalism, social sciences, fine arts, etc., should be reported there. Specify the name of the interdisciplinary study when reporting in 4999.

(i) Before submission, please verify that the specialty subtotals (for examples, lines 22, 33, and 52, etc.) are the sum of the specified preceding lines for every column (columns (4) through (9)).

(j) No data should be entered in gray areas, such as that for code number 0899 on page 22.

PART B — BACHELOR'S, MASTER'S, AND DOCTOR'S DEGREES, 1976-77 — Continued

IS PART B APPLICABLE TO YOUR INSTITUTION? YES NO
 (If not applicable, proceed to Part C.)

CODE (1)	DISCIPLINE SPECIALTY (major field of study) (2)	LINE NO. (Circle if new this year) (3)	NUMBER OF DEGREES CONFERRED

HEALTH PROFESSIONS (1200)

NOTE: EXCLUDED here are the FIRST-PROFESSIONAL degrees conferred in selected fields as listed in Part A.

Distinguish among specialties in Health Professions (1200), and Biological Sciences (0400).

Programs involving less than 4 years of college work should be reported in Part C.

1201	Health professions, general	244						
1202	Hospital and health care administration	245						
1203	Nursing <i>(baccalaureate and higher programs)</i> [Report nursing education <i>(training of school nurses and of teachers of nursing)</i> in 0899-4.]	246						
1205	Dental specialties <i>(work beyond first-professional degree, D.D.S. or D.M.D.)</i> [Report D.D.S. or D.M.D. degree in Part A, 1204.]	247						
1207	Medical specialties <i>(work beyond first-professional degree, M.D.)</i> [Report M.D. degree in Part A, 1206.]	248						
1208	Occupational therapy	249						
1209-2	Optometry [Include all optometry except O.D. degree, which should be reported in Part A, 1209-1.]	250						
1211-2	Pharmacy [Report pharmacology in 0409.] <i>(Include all pharmacy except D.Pharm. which should be reported in Part A, 1211-1.)</i>	251						
1212	Physical therapy	252						
1213	Dental hygiene <i>(baccalaureate and higher programs)</i>	253						
1214	Public health	254						
1215	Medical record librarianship	255						
1216-2	Podiatry or podiatric medicine [Work beyond first-professional degree in podiatry, podiatric medicine, or chiropody. Report first-professional degrees in Part A, 1216-1.]	256						
1217	Biomedical communication	257						
1219	Veterinary medicine specialties <i>(work beyond first-professional degree, D.V.M.)</i> [Report D.V.M. degree in Part A, 1218.]	258						
1220	Speech pathology and audiology	259						
1221-2	Chiropractic [Include all chiropractic except D.C. or D.C.M. which should be reported in Part A, 1221-1.]	260						
1222	Clinical social work <i>(medical and psychiatric and specialized rehabilitation services)</i>	261						
1223	Medical laboratory technologies <i>(baccalaureate and higher programs)</i>	262						
1224	Dental technologies <i>(baccalaureate and higher programs)</i>	263

PART B — BACHELOR'S, MASTER'S, AND DOCTOR'S DEGREES, 1976-77 — Continued

Do you provide any recognition (*degree or certificate*) for a program intermediate between the master's degree and the doctor's degree (*Ph.D., Ed.D., etc.*), which in essence is the doctor's degree without the dissertation? For example, Master of Philosophy, Candidate in Philosophy, etc.

(Do not include specialist degrees.) (Also, do not include in the tabulated figures for Bachelor's, Master's, and Doctor's degrees.)

YES NO If "YES", specify the name(s) of the degree(s) or certificate(s) and the number of students receiving them from July 1, 1976 to June 30, 1977.

CODE (1)	NAME OF DEGREE OR CERTIFICATE (2)	LINE NO. (3)	NUMBER OF STUDENTS RECEIVING DEGREE OR CERTIFICATE

DEGREES AND OTHER FORMAL AWARDS CONFERRED BETWEEN JULY 1, 1976 AND JUNE 30, 1977
INSTRUCTIONS FOR PART C: DEGREES AND OTHER AWARDS BASED ON LESS THAN 4 YEARS

Part C consists of 3 sections, as follows:

Section 1: Arts and science or general programs, NOT organized as occupational curriculums

Section 2: Science-related or engineering-related organized occupational curriculums, subdivided by subject field designation

Section 3: Nonscience-related and nonengineering-related organized occupational curriculums, subdivided by subject field designation

Each student's curriculum is to be reported in the ONE section where it best fits. If a student has received both an associate degree and a certificate for the same 2-year curriculum, the completion is to be counted just once. A combination curriculum which includes both general courses and occupational courses should be reported in section 2 or 3 if it meets all the criteria of an organized occupational curriculum (*see below*); otherwise it would be reported in section 1. In all sections, report whole curriculums only—not individual courses.

For purposes of this survey, an organized occupational curriculum is one which meets all four of the following criteria:

- A. High school graduation or equivalent, but no work beyond high school, is required for admission to the curriculum.
- B. The curriculum is a series of required and elective courses constituting an integrated program designed to prepare students for IMMEDIATE employment in a SPECIFIC occupation or cluster of occupations. A group of courses, even when all of them are in a given subject area, do not necessarily constitute an organized curriculum.
- C. Completion of the curriculum requires at least one but less than four years of full-time attendance, or the equivalent in part-time attendance over a longer period. A "year" means an academic year of approximately nine months.

- D. The curriculum leads to ANY type of formal recognition (*certificate, associate degree, diploma, a transcript recognizing successful completion, a statement of completion from an administrator of the institution, or other FORMAL recognition*) signifying that the student has completed an organized curriculum; or the State grants a license or other formal recognition, upon examination, to all graduates of the curriculum.

Note that, for purposes of this survey, organized occupational programs are NOT designed as the equivalent of the first one, two, or three years of a baccalaureate degree program.

Example: Pre-engineering is NOT an organized occupational curriculum as defined in this survey, because it is designed to prepare students for CONTINUATION in the regular engineering program for the bachelor's degree. If an associate degree was awarded for this program, it should be reported in Section 1, columns 4-5. If no associate degree was awarded, it should be excluded from this survey altogether.

Engineering technology IS an organized occupational curriculum, as defined in this survey, because it is designed to prepare students for immediate employment upon completion. It should be reported in Section 2.

Work taken in an organized occupational curriculum may or may not be wholly or chiefly creditable toward a bachelor's degree in your institution or by transfer to another institution. The columns on the survey form provide for the following distinctions in reporting completed programs of 2 or more years but less than 4 years:

Work wholly or chiefly creditable toward a bachelor's degree:

Associate degree
Other formal recognition (*without associate degree*)

Work NOT wholly or chiefly creditable toward a bachelor's degree:

Associate degree
Other formal recognition (*without associate degree*)

Before submission of the survey form, please verify the accuracy of all column totals.

PART C. DEGREES AND AWARDS BASED ON LESS THAN 4 YEARS OF WORK BEYOND HIGH SCHOOL, 1976-77

IS PART C APPLICABLE TO YOUR INSTITUTION? YES NO
 (If not applicable, omit.)

NOTE: EXCLUDE any students who have completed the first part of a 4-year baccalaureate curriculum, but who have not received any type of formal recognition other than a transcript.
