A MESSAGE FROM THE EXECUTIVE DIRECTOR

We would like to welcome and thank all the readers of our Indian Newsletter which is published monthly.

Since our last newsletter went to press, there have been some very interesting activities in our Nation, State, city and reservations involving our Indian peoples. Through the efforts of the American Indian Center staff and board of directors, we shall keep you abreast of these ongoing activities as they occur on a monthly basis.

Starting this new year off is our SEDS Department developing plans and strategies to apply for and attract County, State and Federal monies to construct a new American Indian Center for our Indian community. Also to implement numerous management systems to enhance efficiency and effectiveness for our Center.

The American Indian Center and Orphan Aides are happy to announce the forthcoming "Traditional Spring Dance" scheduled for March 21, 1981. All Indian organizations, clubs and Indian community members are cordially invited to attend and support our Tuesday night meetings, held every week at 7:00 P.M.

The Indian CETA Program will be starting in early February. All those wishing more information, please contact Mr. Clyde Tyndall, Administrative Assistant.

Remember, this is your Indian Center, we encourage you to make it work for you.

Respectfully,

Timothy F. Woodhull
Executive Director

Member, Nebraska Indian Commission

VICTOR DANIELS ACCEPTED AT BOYSTOWN

Under the auspices of the American Indian Center of Omaha, Inc., Victor (12) youngest son of Teresa Crispin of 1611 Castelar has been accepted at Boystown, one of the most famous of all schools for boys in the world. Boystown is noted for providing a quality education and turning out young men of the finest caliber. These men usually go on to serve and contribute to the betterment of their community. We are sure Victor will become an outstanding student and citizen and we at the American Indian Center wish him the very best!

WORDS FROM OUR ALCOHOLISM PROGRAM DIRECTOR By Nate J. Parker

Several weeks back a traditional Native American Church Ceremony was conducted by Mr. Joseph Kemp and Family in their home. This two day Prayer Session was sponsored by the American Indian Center Alcoholism Program in behalf of its Indian clients. The last half of 1980 marked the first time that Cultural Religion and Prayer Therapy became a regular part of our client treatment plans. The Program has turned to our Indian Religion as one of the vital answers for our people desiring total abstinence from alcohol.

We witness too many problems in our lives today because we have drifted from our traditional ways taught to us by our Elders. The year 1980 has seen many of our Indian people fall prey to drinking and alcoholism. Let us fight back and begin to win this war in 1981. The A.I.C. Alcoholism Program wants you to step forward. If you or a loved one is in search of sobriety and a better way of life, you should contact an A.I.C. counselor.

DEPARTMENTAL NEWS...

NEW S.E.D. DIRECTOR HIRED AT AICO.

The appointment of Brian A. Victoria as Economic Development Director was announced on December 23, 1980 by Timothy F. Woodhull, A.I.C.O. Executive Director. He will begin his duties immediately.

Mr. Victoria’s position was created as a result of a $55,000 grant to the A.I.C.O. by the Administration for Native Americans (HHS). He is responsible for developing both short and long-range funding sources for A.I.C.O. programs. In particular, he is charged with securing federal, state and local funding sources for the construction of a new Indian Center in Omaha.

Mr. Victoria is a native of Omaha, the son of Mrs. Virginia Victoria of 2616 Camden Avenue. He graduated “cum Laude” from Nebraska Wesleyan University 1961 followed by a residence of more than 14 years in Japan. At present he is a Ph.D. candidate at U.C. L.A.

Honga readers will remember that in the spring of 1979 Mr. Victoria proposed that A.I.C.O. commemorate the 100th anniversary of the 1879 human rights trial of Ponca Chief Standing Bear which took place in Omaha. This proposal generated numerous activities most notably the production of the now famous play entitled, "Footprints in Blood" by Christopher Sergel. Mr. Victoria was employed as a professor of Asian Studies at Chapman College in southern California.

In addition to Mr. Victoria, Ms. Janet Rowe was hired as Economic Development Secretary. Ms. Rowe who is a Yankton Sioux, has resided in Omaha all her life. She has also worked previously with Native American programs. After getting settled in her new job, she plans to take evening courses in either computer programming or public accounting.

FOOD STAMP NEWS - By John Hanger

The new Congress in Washington, D.C. will be reviewing the Food Stamp Program, a program that helps to meet the food needs of the Indian community. It is very important that our readers follow these developments and contact their legislators. The legislators in the Omaha area are Senator Zorinsky, Senator Exon, and Congressman Daub.

Three possible issues of which the Indian community should be aware of are: 1) Eliminating the CAP, 2) Block Grants, and 3) Duplication and In-Kind benefits.

A quick explanation would be helpful: 1) Unless the "cap" on the spending for the food stamp program is eliminated, there may be no food stamp program in July, August and September. 2) If Congress switches to the "Block Grant" approach, each state could set its own eligibility and benefit levels for the food stamp program. Under such a system each state could lower the number of food stamps people now receive. Block Grants could hurt the Indian community. 3) "Duplication and In-kind Benefits" if adopted, would cut people off the program or would greatly lower the benefit amounts.

What "Duplication and In-kind Benefits" would do is to count the value of free school lunches, school breakfasts, OHA housing subsidies, heating assistance payments, WIC benefits, and other benefits as income. This means a household’s income would appear greater than it is. Also, as a household’s income rises, the amount of food stamps received by the household falls. Again "Duplication and In-kind Benefits"

(Cont’d page 3, Col. 1)
could hurt the nutritional well-being of our community.

It is very important that the Indian community contact by phone or letter our United States Representatives. The Representatives need to be told how important the food stamp program is to the nutritional well-being of our community. For more information contact the American Indian Center.

Addresses & Phone Numbers:

Sen. Edward Zorinsky 221-431
Sen. J. James Exon 221-4363
Cong. Hal Daub 221-4226
All located at Fed. Bldg., 215 W. 17th St., Omaha, NE 68102.

THE CHRISTMAS PARTY OF 1980.
By Ellan Cunningham

On December 24, 1980 the American Indian Center held a Christmas Party for the kids. There was an estimated 178 children that attended the Christmas festivities. We held a Christmas Carol Singing Contest with groups of five. Each group sang their favorite Christmas Tune and the best singing rendition received a five (5) dollar prize. Other activities included a Raffle between youngsters 9-14. Seventeen special gifts were given to the lucky winners.

Last, but not least, the Main Event featured a surprise visit from Santa Claus. Santa handed each child a present and a big bag of candy.

So until next year my friends, hope you all had a joyous and very Merry Christmas and Happy New Year!!

Santee High School Basketball Team Visits Omaha.

On December 12, the Santee Sioux Basketball Teams (Boys' Varsity, Boys' Jr. Varsity, and Girls' Varsity) came to Omaha to play Omaha Brownell-Talbot High. The Boys' Varsity Team and Coach spent the night before the game at the American Indian Center's Halfway House. It is seldom the Indian Center is able to host athletes from the reservations and Mr. Nate Parker, Program Director of the Halfway House went out of his way to assist the team in whatever way he could to insure their stay was a comfortable relaxing one. We were happy to extend a helping hand to these young Ambassadors of Good Will. We wish them well in their coming Basketball Season and hope for many wins.

(Cont'd from page 1, Col. 2)

The Alcoholism Program staff and other officials have also planned support activities to the client which include Religious opportunities, Social and Recreational activities and various Educational Field trips. It is our intent to offer to the client every reason and opportunity to quit drinking and to win this often fatal battle. Join our efforts now. Your views and suggestions may help us provide better quality service to our Indian people. Help us get the word out in 1981, Alcoholism and all its related problems are not to be ignored, to do so represents failure for those who might turn to us. Today, there is no where to hide, the problem is real and we must work together to seek solutions and methods to wipe out alcoholism, drug abuse and sniffling.

The A.I.C. Alcoholism Program has come along way, we have served many of our people and we look forward to the challenge of 1981. Our schedules include traditional monthly Sweat Lodge Ceremonies and Quarterly Native American Church Services. We will combine our Cultural and Traditional methods with the non-Indian practice of "AA" as each of us search for the best answers to achieve total sobriety. I urge you to learn more about our Program and its services, it is truly a Program for the People. It is a Program to be proud of, understand it and help us make it work so others may live. I wish each of you a Happy New Year and that 1981 will bring all of us rich blessings and strength from the "Great Spirit."

With respect,

Nate Parker, Alcoholism Program Director
INDIAN CULTURE SPEAKERS AVAILABLE
By Joan Garey

The American Indian Center would like to welcome our two volunteer speakers, Gwyn Nugent and Glenna Slater. They have been speaking on historical and contemporary American Indian culture and Tradition. If you know of any interested parties who would like to have these two ladies speak on American Indian subjects, please contact the Indian Center.

OMAHA TRIBE GIVEN GRANTS FOR EDUCATION (World-Herald Bureau)

Washington - The Omaha Indian Tribe has received two federal grants totaling $208,495 for improving Indian education, the U.S. Education Department announced.

The tribe, based in Macy, Neb., has received $120,837 for a parent-child preschool education program and $87,658 to improve educational services for Indian adults.

A. I. C. O. PROGRAM STATISTICS FOR FY 80 COMPLETED
By Clyde Tyndall

The American Indian Center's Final Client Services Intake Statistical Report has just been finished for Fiscal Year 1980. This report is for all programs for the past year from October 1979 to September 1980. It should be noted that a few of the programs did not start in October 1979, however AICOCO bases it's Fiscal Year from October to September of the following year. These statistics give us an accurate perspective of just how we are serving the Indian community.

FY 80 Client Statistics:

Often one service was provided for more than one client, e.g., transportation for six clients. This explains services being counted as lower than clients.

POW-WOW NEWS
By Raymond Wells

There will be a fund raising dance for Kelly Grant at Macy, Neb. January 24. Kelly is a trumpet player and plans to tour Europe later this year. The dance is open to the public. The Orphan Aides Club has received a Special Invitation to this dance. For further information contact Mitchell Sheridan in Macy at (402) 837-5381.

A Pow-wow will be held at Flandreau, SD January 31. There will be no prize money, just general dancing. Another pow-wow will be held at Marty, SD February 21, 22. This will be similar to the one at Flandreau. For further information on these pow-wows, you can contact the Indian Center at 344-0111.

CHILI DINNER HELD AT A. I. C. O., DEC. 18
By Joan Garey

A fund raising Pot-Luck Dinner was held by the UNO students and Urban Indian Culture Club at the American Indian Center. Proceeds went to help pay for the Omaha Pow-wow. Everyone enjoyed themselves and about one-hundred (100) hundred people showed up for the dinner.

HIGH BLOOD PRESSURE SCREENING SITE AT THE AMERICAN INDIAN CENTER
By Sue Armstrong, Douglas Health Department

Are you high? Do you know your blood pressure? High blood pressure is a widespread, serious problem that contributes to hundreds of thousands of deaths each year. High blood pressure is known as the "Silent Killer", since it has no symptoms. Estimates are that 1 out of 7 Americans have high blood pressure - even higher in minority populations. Find out your blood pressure at the Omaha-Douglas County Health Department sponsored High Blood Pressure Site at the American Indian Center of Omaha, January 13, from 1 P.M. to 8 P.M. Later dates will be announced.

Of special interest to the Indian community: during the January Omaha Pow-wow held recently, 79 people took their High Blood Pressure Tests and only 4 had high readings. Thank you all who participated in the tests!

If your reading is high, and you are not able to pay to see a doctor, the Douglas County worker will arrange to have your fee paid through social services.
