Lesson Plan for Writing Letter to Military Personnel

Objectives:

Students will write a letter:

- a. including the five parts of a friendly letter
- b. letting them know that we appreciate what they are doing and that we are thinking about them

Procedures for the Teachers:

**Introduce Dr. Tentinger when he comes in the room to talk about how important student letters are for the military personnel.

1. Get the students' attention before you talk (You could show them a map of where the soldiers are.)
2. Tell the students they are going to write a friendly letter to the military personnel in Iraq
3. Ask the students... What do you know about writing a friendly letter? (You can put it in a KWL chart on the board.)
4. Ask the students... What would you want to know about writing a friendly letter?
5. Show or explain the model letter and talk about the letter parts, writing parts names on the board.
 - a. Heading (Your address at the school)
 - b. Date (When you wrote the letter)
 - c. Greeting (Dear soldier, service person, military person)
 - d. Body (The message you write to the people)
 - e. Closing (Sincerely, or Your friend, or Best wishes)
 - f. Signature (Mike in Mrs. Smith's Room)

Have the students answer together saying the parts of the letter.

6. Ask students to share some ideas of what they could write about (like their grade, school, pets, sports, favorite things to do, a riddle, tell the soldiers they appreciate what they're doing, thank them for keeping the students safe, etc. Write those ideas on the board.)
7. Now have students write their letters and help them as needed by walking around the room.
8. If you have time, you could ask the students to volunteer to read their letters to the class.

Assessment: After the students are done look at the letters and see if the students included all of the parts of the letter.
