BUREAU OF ECONOMIC ANALYSIS

www.bea.gov

- Part of the Department of Commerce
- The BEA regional economic accounts
  - Provide statistics that detail the geographic distribution of U.S. economic activity
  - Provide a consistent framework for analyzing and comparing individual state and local area economies
  - Most data series (both state and county) begin in 1969
  - State personal income accounts begin in 1929

Center for Public Affairs Research
The accounts provide statistics about:

- **Gross Domestic Product (GDP)** for states and metropolitan areas by industry
- **Personal Income and earnings** for states, counties, metropolitan areas, micropolitan areas, metropolitan divisions and combined statistical areas, and BEA economic areas by industry
- Employment, compensation, wage and salary disbursements, personal current transfer receipts, personal current taxes, and per capita personal income statistics are also available.
