**FALL ENROLLMENT
SURVEY
1992**

NOTE — The collection and reporting of racial/ethnic data on the Fall Enrollment survey is **MANDATORY** for all institutions which receive, are applicants for, or expect to be applicants for Federal financial assistance as defined in the Department of Education (ED) regulations implementing Title VI of the Civil Rights Act of 1964 (34 CFR 100.13), or defined in any ED regulations implementing Title IX of the Education Amendments of 1972. The collection of racial/ethnic data in vocational programs is mandated by Section 421(a)(1) of the Carl D. Perkins Vocational Education Act.

For those institutions not required to submit racial/ethnic data on the basis of the above requirements, the completion of this survey is voluntary and authorized by 20 U.S.C. 1221e-1.

PURPOSE OF THE SURVEY

The National Center for Education Statistics (NCES) collects enrollment data through this component of IPEDS each year in order to update several annual publications including its college enrollment projections, the Digest of Education Statistics, and the Condition of Education. IPEDS fall enrollment by age of student offers insight into the relationship between the changing demographics of college-going cohorts and enrollment in different types of postsecondary institutions. The residence data will provide States with data to analyze state level college attendance rates, student in-migration or out-migration, and the type of institutions that attract their citizens to other states. The survey is being conducted in compliance with the Center's mission "to collect and analyze and disseminate statistics and other data related to education in the United States." (20 U.S.C. 1221e-1, General Education Provisions Act, Section 406(b), amended.)

USES OF DATA

Fall enrollment traditionally is used to measure student access to postsecondary education and IPEDS will continue to provide this important statistical series. The Department also uses fall enrollment data in program planning and for setting funding allocation standards for legislatively-controlled programs. Other Federal and State agencies use enrollment data in policymaking decisions, economic and financial planning, manpower forecasting, and policy formulation.

COMPLIANCE REQUIREMENTS

The Office for Civil Rights (OCR) and the National Center for Education Statistics (NCES), with the approval of the Office of Management and Budget, cooperate in the collection of racial/ethnic information from all postsecondary institutions for the Fall Enrollment survey. Section 100.6(b) of the regulations implementing Title VI of the Civil Rights Act of 1964, set forth below, and similar provisions of the Title VI regulations of other Federal agencies, authorize collection of this information.

100.6(b) Compliance Reports — Each recipient shall keep records and submit to the responsible Department official or his designee timely, complete and accurate compliance reports at such times and in such form and containing such information as the responsible Department official or his designee may determine to be necessary to enable him to ascertain whether the recipient has complied or is complying with this part. For example, recipients should have available for the Department racial and ethnic data showing the extent to which members of minority groups are beneficiaries of and participants in federally-assisted programs. In the case of any program under which a primary recipient extends Federal financial assistance to any other recipient, such other recipient shall also submit such compliance reports to the primary recipient as may be necessary to enable the primary recipient to carry out its obligations under this part.

Public reporting burden for this collection of information is estimated to average 5.0 hours per response but may range from 30 minutes to 10.0 hours depending on whether the information is readily accessible to machine readable files. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, Information Management and Compliance Division, Washington, DC 20202-4651; and to the Office of Management and Budget, Paperwork Reduction Project 1850-0582, Washington, DC 20503. Please send completed survey forms to the address shown on the front page of this form.

The definitions and instructions for compiling IPEDS data have been designed to minimize comparability problems. However, postsecondary education institutions differ widely among themselves. As a result of these differences, comparisons of data provided by individual institutions may be misleading.

U.S. DEPARTMENT OF EDUCATION
OFFICE OF EDUCATIONAL RESEARCH AND IMPROVEMENT

NATIONAL CENTER FOR EDUCATION STATISTICS

September 1992

Dear Early National Estimates Representative:

A SPECIAL REQUEST FOR ASSISTANCE!

Your institution has agreed to participate on the National Panel of the Early Estimates survey developed by the National Center for Educational Statistics (NCES), U.S. Department of Education. NCES relies on the Panel, a representative sample of all postsecondary institutions, to provide "early estimates" of selected data items from the Postsecondary Education Data System (IPEDS). These data allow NCES to make early national estimates of key postsecondary data available to policymakers at the national, State, and institutional levels.

As the representative designated by the President or Chief Administrator of your institution, you are requested to provide selected data early -- or your "best estimates" if the actual data are not available. Please note that these data are used for producing national estimates, and institutional data are never released. Also, the Early Estimates data items are a selected subset of existing (IPEDS) data items; we are not asking for additional information.

This year, NCES has simplified the Early Estimates survey in two ways. First, the survey form is now shorter with fewer data items being requested. And second, there is now a toll-free number for calling in your data if you so choose [(800)972-5650]. The enclosed worksheet has been prepared to assist you in assembling the data. Institutions will be contacted by telephone for the data beginning October 9, 1992.

Thank you for your support of this important effort to get these data out quickly. Should you have any questions, please contact either Mark Pluta, the NCES Survey Director, at (202)219-1854 or Eunice Ave, the Bureau of the Census IPEDS Representative, at (800)622-6193.

Sincerely,

Paul D. Planchon
Acting Associate Commissioner
