IPEDS

INTEGRATED POSTSECONDARY EDUCATION DATA SYSTEM

COMPLETIONS 1989-90

Public reporting burden for this collection of information is estimated to average 3.0 hours per response but may range from 30 minutes to 8.0 hours depending on whether the information is readily accessible to machine readable files. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, Information Management and Compliance Division, Washington, D.C. 20202-4651; and to the Office of Management and Budget, Paperwork Reduction Project 1850-0582, Washington, D.C. 20503. Please send completed survey forms to the address shown on the inside of this cover page.

COMPLETION INSTRUCTIONS:

Please read the instructions carefully before completing this survey form. Report data ONLY for the institution noted. If data for any other institutions or branch campuses are included in this report because they cannot be reported separately, please provide a list of all other schools included in this report. When complete, please mail your survey form and signed cover page to:

JEAN HULBERT
RESEARCH ANALYST, NEBRASKA COORD.
COMMISSION FOR POSTSECONDARY ED.

CONTACT FOR QUESTIONS:

If there are any questions about this form, contact: Judi Carpenter at (202) 357-6362 or you may call the IPEDS Processing Center at 1-800-334-EDUC.

DUE DATE: October 1, 1990

The collection and reporting of racial/ethnic data on postsecondary education completers is **MANDATORY** for all institutions which receive, are applicants for, or expect to be applicants for Federal financial assistance as defined in the Department of Education (ED) regulations implementing Title VI of the Civil Rights Act of 1964 (34 CFR 100.13), or defined in any ED regulations implementing Title IX of the Education Amendments of 1972. The collection of racial/ethnic data in vocational programs, is mandated by Section 421 (a)(1) of the Carl D. Perkins Vocational Education Act.

For those institutions not required to submit racial/ethnic data on the basis of the above requirements, the completion of this survey is voluntary and authorized by 20 U.S.C. 1221e-1.

PURPOSE OF THE SURVEY

The primary purpose of this survey is to collect basic data on the number of recognized completions in postsecondary education programs by the type of program, level of award, and degree conferred; to monitor changes in postsecondary education completions; and to promote research involving patterns of degrees conferred. The survey is being conducted in compliance with the Center's mission "to collect, and analyze, and disseminate statistics and other data related to education in the United States...", (20 U.S.C. 1221e-1, General Education Provisions Act, Sec. 406(b), as amended).

USES OF DATA

Completion data constitute the only national source of information on the availability and location of highly trained manpower. Information on completers of postsecondary education programs is used extensively by Federal and State government agencies for manpower planning; by business and industry and other groups for recruiting purposes; and by researchers and others to study manpower supply and demand.

The definitions and instructions for compiling IPEDS data have been designed to minimize comparability problems. However, postsecondary education institutions differ widely among themselves. As a result of these differences, comparisons of data provided by individual institutions may be misleading.

COMPLIANCE REQUIREMENTS

The Office for Civil Rights (OCR) and the National Center for Education Statistics (NCES), with the approval of the Office of Management and Budget, cooperate in the collection of racial/ethnic information from all postsecondary institutions for the Completions survey. Section 100.6(b) of the regulations implementing Title VI of the Civil Rights Act of 1964, set forth below, and similar provisions of the Title VI regulations of other Federal agencies, authorize collection of this information.

100.6(b) Compliance Reports: Each recipient shall keep records and submit to the responsible Department official or his designee timely, complete and accurate compliance reports at such times and in such form and containing such information, as the responsible Department official or his designee may determine to be necessary to enable him to ascertain whether the recipient has complied or is complying with this part. For example, recipients should have available for the Department racial and ethnic data showing the extent to which members of minority groups are beneficiaries of and participants in federally-assisted programs. In the case of any program under which a primary recipient extends Federal financial assistance to any other recipient, such other recipient shall also submit such compliance reports to the primary recipient as may be necessary to enable the primary recipient to carry out its obligations under this part.

GENERAL INSTRUCTIONS

Please respond to each item on this report in the space provided. The Glossary provides definitions of terms used in this report.

I. INSTITUTIONAL IDENTIFICATION

In the space provided at the top of the report, make any necessary corrections to the preprinted address information. Also, please enter the name, title, area code and telephone number of the person responsible for completing the report.

II. PERIOD OF REPORT

All degrees and other formal awards conferred by your institution between July 1, 1989 and June 30, 1990 should be reported on this form. Report only those degrees and awards which are actually conferred. Degrees earned but not yet conferred during this time period should be reported in next year's survey.

III. INSTRUCTIONS FOR PARTS A and B

Include completions in academic as well as vocational or occupational programs. Do not include degrees and awards conferred by branches of your institution located in foreign countries.

A. Program Classification. This form incorporates the Classification of Instructional Programs (CIP). A complete list of CIP program titles is included in the IPEDS package. Report awards by CIP as follows:

1. Part A - Program completions below the baccalaureate level.
2. Part B - Program completions at the baccalaureate level and above.

B. Section I. Program Completions (Parts A and B). This section of the survey form includes a preprinted list of all program titles and their appropriate 6-digit CIP codes that are known to exist at your institution. The 6-digit program specialties are grouped and listed separately under the appropriate 2-digit program category. If your institution no longer offers one or more of these programs, please delete them by drawing a line through the program title(s). For all remaining programs, enter the number of awards conferred during the reporting period in the appropriate columns. Enter zero (0) if there are no completions.

Use the blank lines below the preprinted programs to list additional 6-digit program specialties that were not preprinted and are within the same 2-digit program category. NOTE: if there are no preprinted CIP codes on your survey form refer to Section II instructions.

1. Refer to the enclosed CIP listing under the appropriate 2-digit program category and select the CIP program title that most closely represents your program.
2. Enter the 6-digit CIP code and its program title in the spaces provided.
3. If no title on the CIP list can be used to describe your program, either:
 - a. enter the data under the "general" category (0101) or
 - b. enter the exact title of your program and assign the 4-digit code, 9999, following the 2-digit number preprinted in column 1. DO NOT develop any other new code numbers. NOTE: Use the general category to connote a program covering two or more other 6-digit programs, and use xx.9999 when no appropriate 6-digit program can be found in the CIP listing.
4. Enter the number of awards conferred during the reporting period in the appropriate columns.
5. Each total line in Section I should be the sum of all 6-digit program specialties within the same 2-digit program category (for example, all 01.0000 programs, both pre-printed and newly listed).

Programs are coded by 6-digit numbers. Keypunching is done according to code number and any manual change will result in improper coding.

C. Section II: Additional Program Categories. If awards were conferred in a program specialty within a 2-digit program category that was not preprinted in Section I, please do the following:

1. Refer to the enclosed CIP listing for the appropriate 2-digit program category code. Do not report CIPs 21 and 32 through 37. Enter this 2-digit code and the title of the program category where indicated.
2. Using the CIP listing, enter in columns 1 and 2, the 6-digit CIP codes and titles for those program specialties within the same 2-digit category in which awards were conferred.
3. Enter the number of awards conferred during the reporting period in the appropriate columns.
4. Each total line in Section II should be the sum of all new 6-digit program specialties within the same 2-digit program category (for example, all 04.0000 program specialties).
5. Follow the same procedure above for each new 2-digit program category that you enter. Photocopy blank pages as needed for additional reporting.

D. Award Categories. Report all postsecondary awards, certificates, and diplomas below the baccalaureate in Part A. Bachelor's, postbaccalaureate certificates, master's, post-master's certificates, and doctor's degrees conferred during the reporting period are to be reported in Part B. Do not report honorary degrees.

Except for the Master of Divinity degree (Part C), report all master's degrees in Part B Columns (15) and (16), (even though the master's is required in some fields, such as Library Science, Hospital Administration, and Social Work, for employment at the professional level, and even though, as in the case of Social Work, 4 years of undergraduate work are required for entrance into the program and an additional 2 years for completion).

Post-master's certificates should include, but not be limited to, recognition granted to students who have completed all but their dissertation (ABD's) and thus are not seeking the doctor's degree; Candidate in Philosophy; and Specialist in Education (Ed. S.).

Report all degrees and awards conferred. If a student earned 2 degrees at different levels between July 1, 1989 and June 30, 1990 (e.g., a bachelor's degree at the end of the summer session and a master's degree at the end of the academic year), report each of the 2 awards in its appropriate classification.

E. Classification of Degrees According to Major Field of Study.

1. Specific Classification. Classify degrees as specifically as the list of CIP programs permits. Thus, report a bachelor's degree in Business Administration with an accounting major in Accounting (06.0201), NOT in Business and Management, General (06.0101).
2. Degree of Doctor of Philosophy. Classify the Doctor of Philosophy degree according to the student's major field of study. Thus, a Ph.D. in Chemistry should be reported as a degree in Chemistry, NOT as one in Philosophy.
3. Majors of Students Prepared to Teach. The general rule is to classify degrees according to the major area of specialization. This means, in general, that degrees of students who are qualified to teach an academic subject, such as English, biology, or foreign languages but did not go through a program solely for that purpose, should be reported respectively in Letters, Biological Sciences, and Foreign Languages, and NOT in Education. On the other hand, the degrees of students who have gone through a program that is specifically preparing them to teach special subjects, as agriculture, art, music, etc., should be reported in Agricultural education (13.1301), Art education (13.1302), and Music education (13.1312, etc.), under Education.

4. Split Major. When a student graduates with a split major, report the degree in the area of greater specialization, if possible. If this is not possible, the degree should be reported in the program closest to the combination. If a split major involves two languages, report in 16.0101, Foreign Languages, Multiple Emphasis. Similarly, within each of the other program categories, if a split major involves two specialties within the same category, the degree should be reported under the appropriate "general" specialty indicated under that program title. For example, a major in history and political science should be reported under 45.0101, Social Sciences, General. If the split major covered more than one program category, the degree should be reported in the area of greater specialization. DO NOT REPORT FRACTIONS OF A DEGREE.
5. Double Majors. When a student graduates with a major in two program areas, report the degree in the field in which the degree was awarded.
6. Two degrees. If a student actually received two degrees based on two independent courses of study (e.g., one in Business and Management and one in Foreign Languages), report each degree under the appropriate program category.
7. General Majors. The term general major is used to designate diversified curriculums within an area of study. Ordinarily, degrees based on a general major should be reported in one of the general categories of the report form, such as Physical Sciences, General (40.0101); Social Sciences, General (45.0101); Mathematics, General (27.0101); etc. Thus a degree based on a concentration in History-Government Economics should be reported in Social Sciences, General (45.0101).
8. Interdisciplinary Studies. The CIP code 30 is for reporting fields of study which represent two or more broad program categories. Specify the name of the Multi-Interdisciplinary study when reporting in 30.9999.
9. Arts and Sciences or General Programs Not Organized in Occupational Curriculums. An award or degree based on less than four years of work in the arts and sciences or general programs not organized in occupational curriculums should be reported as Liberal/General Studies (24.0101).

IV. INSTRUCTIONS FOR PART C - FIRST-PROFESSIONAL DEGREES

- A. Section I. First-Professional Programs. This section of the survey form includes a preprinted page for each first-professional degree program known to exist at your institution. If your institution no longer offers one or more of these programs, please delete them by drawing a line through the program title(s). For all remaining programs, enter the number of awards conferred during the reporting period in the appropriate columns.
- B. Section II. Additional First-Professional Programs. Identify any first-professional degree programs not preprinted in Section I by referring to the CIP list for a 6-digit code and program title. Enter this information in columns 1 and 2 and report the number of degrees conferred in columns 21 and 22.

A separate sheet must be completed for each additional first-professional degree program. Indicate the racial/ethnic designation for each first-professional degree program separately.

V. INSTRUCTIONS FOR PART D - GRAND TOTALS

Please sum the totals for each 2-digit program category in Sections I and II of Parts A and B. Add the numbers in each column for each program in Part C. Enter the GRAND TOTALS for each column on line 99.0000.

VI. CATEGORIZATION OF STUDENTS BY RACIAL/ETHNIC STATUS AND SEX

C1
5

This information is being gathered in compliance with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972 (see Voluntary versus Required Reporting), and Sec. 42(a)(1) of the Carl D. Perkins Vocational Education Act.

A. Method of Collection: The manner of collecting the racial/ethnic information is left to the discretion of the institution provided that the system which is established results in reasonably accurate data. One acceptable method is a properly controlled system of post-enrollment self-identification by students. If a self-identification method is utilized, a verification procedure to ascertain the completeness and accuracy of student submissions should also be employed where feasible.

B. Assignment to Categories: For the purpose of this report, a student may be included in the group to which he or she appears to belong, identifies with, or is regarded in the community as belonging. However, no person may be counted in more than one racial/ethnic group. Designations are requested only for United States citizens and resident aliens (persons who have been lawfully admitted for permanent residence (and who hold alien registration receipt cards - Form I-551/155).

C. Racial/Ethnic Descriptions. Racial/ethnic designations as used in this survey do not denote scientific definitions of anthropological origins.

The categories are:

Black, Non-Hispanic. A person having origins in any of the black racial groups of Africa (except those of Hispanic origin).

American Indian or Alaskan Native. A person having origins in any of the original peoples of North America, or who maintains cultural identification through tribal affiliation or community recognition.

Asian or Pacific Islander. A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or Pacific Islands. This includes people from China, Japan, Korea, the Philippine Islands, Samoa, India and Vietnam.

Hispanic. A person of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish culture or origin, regardless of race.

White, Non-Hispanic. A person having origins in any of the original peoples of Europe, North Africa, or the Middle East (except those of Hispanic origin).

D. Other Description Categories

Non-Resident Alien. A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely. Resident aliens, who are not citizens or nationals of the United States and who have been lawfully admitted for permanent residence (and who hold alien registration receipt cards - Form I-551/155), are to be reported in the appropriate racial/ethnic categories along with United States citizens.

NOTE: Non-resident aliens are to be reported separately, on the lines provided, rather than in any of the five racial/ethnic categories which follow.

Race/Ethnicity Unknown: This category is used ONLY if the student did not select a racial/ethnic designation, and the postsecondary institution finds it impossible to place a student into one of the aforementioned racial/ethnic categories during established enrollment procedures or in any post-enrollment identification or verification process..

VII. CHECKING THE FORM

This form was designed to simplify the checking to see that both the program specialties and the racial/ethnic categories add to the total for a program category. By adding down the specialty lines and up the racial/ethnic lines, both should result in the same program total. Please be sure that these additions are verified prior to returning the form. This will reduce the need for this office to ask for clarification later.

The grand totals in part D of this form should equal the sum of all program completions reported in Parts A, B, and C.

DEFINITIONS - POSTSECONDARY COMPLETIONS (C1)

The following definitions are arranged in alphabetical order:

ASSOCIATE'S DEGREE. An award that normally requires at least 2 but less than 4 years of full-time equivalent college work.

BACHELOR'S DEGREE. An award that normally requires at least 4 but not more than 5 years of full-time equivalent college-level work. This includes ALL bachelor's degrees conferred in a COOPERATIVE or WORK-STUDY PLAN or PROGRAM. A cooperative plan provides for alternate class attendance and employment in business, industry, or government; thus, it allows the student to combine actual work experience with his college studies. Also includes bachelor's degrees in which the normal 4 years of work is completed in 3 years.

DEGREE. An award conferred by a college, university, or other postsecondary educational institution as official recognition for the successful completion of a program of studies.

DIPLOMA. A formal document certifying the successful completion of a prescribed program of studies.

DOCTOR'S DEGREE. An award that requires work at the graduate level and terminates in a doctor's degree. The doctor's degree classification includes such degrees as Doctor of Education, Doctor of Juridical Science, Doctor of Public Health, and the Doctor of Philosophy degree in any field such as agronomy, food technology, education, engineering, public administration, ophthalmology, radiology. For the Doctor of Public Health degree, the prior professional degree is generally earned in the closely related professional field of medicine or in sanitary engineering.

FIRST-PROFESSIONAL DEGREE. An award that requires completion of a program that meets all of the following criteria: (1) completion of the academic requirements to begin practice in the profession; (2) at least 2 years of college work prior to entrance to the program; and (3) a total of at least 6 academic years of college work to complete the degree program, including prior required college work plus the length of the professional program itself.

First-professional degrees may be awarded in the following 10 fields:

Chiropractic (D.C. or D.C.M.)
Dentistry (D.D.S. or D.M.D.)
Medicine (M.D.)
Optometry (O.D.)
Osteopathic Medicine (D.O.)

Pharmacy (D.Phar.)
Podiatry (Pod.D. or D.P.)
Veterinary Medicine (D.V.M.)
Law (L.L.B. or J.D.)
Theology (M.Div. or M.H.L. or B.D., or Ordination)

MASTER'S DEGREE. An award that requires the successful completion of a program of study of at least the full-time-equivalent of 1 but not more than 2 academic years of work beyond the bachelor's degree.

POSTBACCALAUREATE CERTIFICATE. An award that requires completion of an organized program of study requiring at least 18 credit hours beyond the bachelor's; designed for persons who have completed a baccalaureate degree program, but do not meet the requirements of academic degrees carrying the title of master.

POST-MASTER'S CERTIFICATE. An award that requires completion of an organized program of study of 24 credit hours beyond the master's degree, but does not meet the requirements of academic degrees at the doctor's level.

POSTSECONDARY AWARDS, CERTIFICATES OR DIPLOMAS (less than 1 academic year). Requires completion of an organized program of study at the postsecondary level in less than 1 academic year (2 semesters or 3 quarters) or in less than 900 contact hours by a student enrolled full-time.

POSTSECONDARY AWARDS, CERTIFICATES OR DIPLOMAS (at least one but less than two academic years). Requires completion of an organized program of study at the postsecondary level in at least one but less than two full-time-equivalent academic years, or designed for completion in at least 30 but less than 60 credit hours, or in at least 900 but less than 1,800 contact hours.

POSTSECONDARY AWARDS, CERTIFICATES OR DIPLOMAS (at least two but less than four academic years). Requires completion of an organized program of study at the postsecondary level in at least two but less than four full-time-equivalent academic years; or designed for completion in at least 60 but less than 120 credit hours, or at least 1,800 but less than 3,600 contact hours.

PROGRAM. A combination of courses and related activities organized for the attainment of broad educational objectives described by the institution.

PROGRAM CATEGORY. A summary of groups of related instructional programs designated by the first 2 digits of its appropriate CIP code.

PROGRAM SPECIALTY. A specific instructional program that can only be identified by a 6-digit CIP code.
