## INTEGRATED POSTSECONDARY EDUCATION DATA SYSTEM

### FALL ENROLLMENT SURVEY 1994

**Please read the accompanying instructions before completing this survey form. Report data ONLY for the institution in the address label. If data for any other institutions or branch campuses are included in this report because they CANNOT be reported separately, please provide a list of these schools.**

If there are any questions about this form, contact a Bureau of the Census IPEDS representative at (800) 451-6236.

Date due: November 15, 1994

**NOTE -** The completion of this survey, in a timely and accurate manner, is **MANDATORY** for all institutions which participate or are applicants for participation in any Federal financial assistance program authorized by Title IV of the Higher Education Act of 1965, as amended. The completion of this survey is mandated by 20 U.S.C. 1094(a)(17).

The collection and reporting of racial/ethnic data on this survey are **MANDATORY** for all institutions which receive, are applicants for, or expect to be applicants for Federal financial assistance as defined in the Department of Education (ED) regulations implementing Title VI of the Civil Rights Act of 1964 (34 CFR 100.13), or defined in any ED regulations implementing Title IX of the Education Amendments of 1972. The collection of racial/ethnic data in vocational programs is mandated by Section 421(a)(1) of the Carl D. Perkins Vocational Education Act.

For those institutions not required to complete this survey on the basis of the above requirements, the completion of this survey is voluntary and authorized by 20 U.S.C. 1221e-1.

#### PURPOSE OF THE SURVEY

The National Center for Education Statistics (NCES) collects enrollment data through this component of IPEDS each year in order to update several annual publications including its college enrollment projections, the Digest of Education Statistics, and the Condition of Education. IPEDS fall enrollment by age of student offers insight into the relationship between the changing demographics of college-going cohorts and enrollment in different types of postsecondary institutions. The residence data will enable States to analyze State level college attendance rates, student in-migration or out-migration, and the type of institutions that attract their citizens to other States. The survey is being conducted in compliance with the Center's mission "to collect and analyze and disseminate statistics and other data related to education in the United States" (20 U.S.C. 1221e-1, General Education Provisions Act, Sec. 406(b), as amended).

#### USES OF DATA

Fall enrollment traditionally is used to measure student access to postsecondary education and IPEDS will continue to provide this important statistical series. The Department also uses fall enrollment data in program planning and for setting funding allocation standards for legislatively controlled programs. Other Federal and State agencies use enrollment data in policymaking decisions, economic and financial planning, manpower forecasting, and policy formulation.

**CERTIFICATION -** I certify that the information given in this report is correct and true to the best of my knowledge and was prepared in accordance with accompanying instructions. Willfully false statements on this report are punishable by law, U.S. Code, Title 18, Section 1001.

## **COMPLIANCE REQUIREMENTS FOR THE OFFICE FOR CIVIL RIGHTS**

The Office for Civil Rights (OCR) and the National Center for Education Statistics (NCES), with the approval of the Office of Management and Budget, cooperate in the collection of racial/ethnic information from all postsecondary institutions for the Fall Enrollment survey. Section 100.6(b) of the regulations implementing Title VI of the Civil Rights Act of 1964, set forth below, and similar provisions of the Title VI regulations of other Federal agencies, authorize collection of this information.

**100.6(b) Compliance Reports** – Each recipient shall keep records and submit to the responsible Department official or his designee timely, complete and accurate compliance reports at such times and in such form and containing such information as the responsible Department official or his designee may determine to be necessary to enable him to ascertain whether the recipient has complied or is complying with this part. For example, recipients should have available for the Department racial and ethnic data showing the extent to which members of minority groups are beneficiaries of and participants in federally-assisted programs. In the case of any program under which a primary recipient extends Federal financial assistance to any other recipient, such other recipient shall also submit such compliance reports to the primary recipient as may be necessary to enable the primary recipient to carry out its obligations under this part.

---

Public reporting burden for this collection of information is estimated to average 5.0 hours per response but may range from 30 minutes to 10.0 hours depending on whether the information is readily accessible to machine readable files. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, Information Management and Compliance Division, Washington, DC 20202-4651, and to the Office of Management and Budget, Paperwork Reduction Project 1850-0582, Washington, DC 20503. Please send completed survey forms to the address shown on the front page of this form.

---

The definitions and instructions for compiling IPEDS data have been designed to minimize comparability problems. However, postsecondary education institutions differ widely among themselves. As a result of these differences, comparisons of data provided by individual institutions may be misleading.

Remarks

**Part D — CLARIFYING QUESTIONS**

Questions	Number of students		
	Full-time (1)	Part-time (2)	
1a. How many students are enrolled exclusively in remedial courses?			
b. How many of these students are included in the Part A enrollment counts?			
2a. Does this institution have an extension division/program that operates independently of the main academic portion of the institution? (For example, its academic mission may be significantly different, it may have its own admissions requirements, course offerings, completions requirements, and/or record keeping system.)			
<i>Mark (X) appropriate box.</i>			
1 <input type="checkbox"/> No extension division — <i>SKIP to question #3</i>			
2 <input type="checkbox"/> Yes (operates independently of main institution)	<i>Continue with question 2b</i>		
3 <input type="checkbox"/> No (operates within main institution)			
b. How many students are enrolled exclusively in the extension division or program?			
c. How many of these students are included in the Part A enrollment counts?			
3. How many students are enrolled exclusively in branch campuses located in foreign countries?			
<b>NOTE</b> — Should not be included in Part A enrollment counts. <i>Enter "0" if NONE.</i>			
Questions (Degree-seeking students only)	Number of students		
	In-state (1)	Out-of-state (2)	Out-of-country (3)
4. How many first-time undergraduate transfer students are from:	518	200	3
5. How many first-time first-professional students are from:			
6. How many first-time graduate students are from:	354	122	4

## GENERAL INSTRUCTIONS — EF-1

Please respond to each item on this report in the space provided. The Glossary provides definitions of terms used in this report.

### INSTITUTIONAL IDENTIFICATION

In the space provided on the front page of this report make any necessary corrections to the preprinted address information. Also, enter the name, title, area code and telephone number of the person responsible for completing the report.

### PERIOD OF REPORT

Enrollment should be reported as of the institution's official fall reporting date or October 15.

### WHO TO INCLUDE IN THIS REPORT

**Students included in report** — Report all students enrolled in courses creditable toward a diploma, certificate, degree, or other formal award. Include students enrolled in courses that are part of a vocational or occupational program, INCLUDING those enrolled in off-campus centers.

Include high school students taking regular college courses for credit. Report these students in the classification in which they are recorded by the institution.

**Students excluded from this report** — Do NOT include in this report —

- Students enrolled exclusively in courses not creditable toward a formal award or the completion of a vocational program. Do NOT include students taking CEU's unless they are also enrolled in courses creditable toward a degree or other formal award.
- Students exclusively auditing classes.
- Students studying abroad (e.g., at a foreign university) if their enrollment at this institution is only an administrative record and the fee is only nominal.
- Students in any branch campus located in a foreign country. Report these students in Part D, question 3.

### Part A — ENROLLMENT SUMMARY BY RACIAL/ETHNIC CATEGORY

### CATEGORIZATION OF STUDENTS BY ATTENDANCE STATUS AND LEVEL

The Glossary section provides detailed definitions of specific terms and should be used to classify students by FULL-TIME and PART-TIME status, by degree seeking or all other credit students, or by level of enrollment.

#### Undergraduate Students

**Degree seeking students** — Report all students enrolled in courses for credit who are recognized by the institution as SEEKING A DEGREE OR OTHER FORMAL AWARD as follows:

- FULL-TIME according to their level of study or the number of credits earned on lines 01-05,
- PART-TIME according to level, as above, on lines 15-19,
- Unclassified undergraduates are those students who cannot be classified in terms of year of study or student level. Report these students on Line 06 (full-time) or line 20 (part-time).

**All other undergraduate students** who are enrolled in courses for credit who ARE NOT recognized by the institution as seeking a degree or other formal award should be reported on line 07 or line 21 as full- or part-time, respectively.

Students who have already earned a bachelor's degree but are taking undergraduate courses FOR CREDIT should be counted as undergraduates, either —

- as "fourth year and beyond" if they are SEEKING a second degree, or
- as "all other undergraduates enrolled for credit" if they are not enrolled in a program leading toward a degree or other formal award.

Report transfer students as follows:

Report transfer students by the level they are assigned at the time of entry or by the number of credits transferred, if **credit status has been evaluated**. Report transfer students as unclassified, if **credit status has NOT been evaluated**.

#### Postbaccalaureate Students

**First-professional students** — First-professional students are those students enrolled in programs leading toward a first-professional degree in the fields of chiropractic, dentistry, law, medicine, optometry, osteopathy, pharmacy, podiatry, theology, and veterinary medicine. Report these students as first-time in the program, on line 09 or line 23 as full- or part-time, respectively.

Report **all other first-professionals** on line 10 or line 24 as full- or part-time, respectively. Do not report residents or interns in this report since they have already received their first-professional degree.

**Graduate students** — Report all students who HAVE BEEN ACCEPTED into graduate programs at your institution as either full- or part-time and first-time or all other, on lines 11 and 12 or 25 and 26, respectively. Be sure to report students involved in thesis preparation who are considered full-time by the institution on line 12.

Report **all other graduate students** enrolled for credit, but NOT YET ACCEPTED into a graduate program on lines 13 or 27, as full- or part-time, respectively.

**REMOVE INSTRUCTIONS BEFORE MAILING AND RETAIN FOR YOUR FILES.**

## GENERAL INSTRUCTIONS – EF-1 — Continued

### Part A — ENROLLMENT SUMMARY BY RACIAL/ETHNIC CATEGORY — Continued

#### MAJOR FIELDS OF STUDY AND CORRESPONDING MAJOR FIELD CODES (Collected in even-numbered years only)

Students are to be reported by their major field of study according to the selected categories identified below. The specified fields and their codes were taken directly from the 1990 version of the NCES publication, "A Classification of Instructional Programs" (CIP). Field names and corresponding code numbers have been preprinted in the upper left-hand corner of each page. If your institution has no students enrolled in a designated field, mark (X) as indicated. *For the fields of dentistry, medicine, veterinary medicine, and law, include only students enrolled at the first-professional level.* Students in programs requiring 4 or 5 years beyond high school should be reported as undergraduates in the appropriate fields. Count students with double majors only once.

- 04.0000 — Architecture and Related Programs
  - 52.0000 — Business Management and Administrative Services
  - 13.0000 — Education
  - 14.0000 — Engineering
  - 51.0401 — Dentistry\*
  - 51.1201 — Medicine\*
  - 51.2401 — Veterinary Medicine\*
  - 22.0101 — Law\*
  - 26.0000 — Biological Sciences/Life Sciences
  - 27.0000 — Mathematics
  - 40.0000 — Physical Sciences
  - 99.0000 — Summary Page (Total Enrollment)
- Blank for*

\*Indicates first-professional fields.

In addition to separate pages for each of the major fields or sub-fields listed above, please complete the 99.0000 Summary page which requests total enrollment data for the entire institution.

If students at your institution do not declare a major field of study until the second or third year of undergraduate study, be sure to report all students with undeclared majors according to their appropriate student level on the Summary (99.0000) page rather than on the field pages.

#### REPORTING STUDENTS BY RACIAL/ETHNIC CATEGORY AND SEX

This information is being gathered in compliance with Title VI of the Civil Rights Act of 1964 and Title IX of the Education Amendments of 1972 (see Compliance Requirements, page 2), and Section 421(a)(1) of the Carl D. Perkins Vocational Education Act.

**Method of collection** — The manner of collecting racial/ethnic information is left to the discretion of the institution provided that the system which is established results in reasonably accurate data, which may be replicated by others when the same documented system is utilized. One acceptable method is a properly controlled system of post-enrollment self-identification by students. If a self-identification method is utilized, a verification procedure to ascertain the completeness and accuracy of student submissions should be employed.

**Assignment to categories** — For the purpose of this report, a student may be included in the group to which he or she appears to belong, identifies with, or is regarded in the community as belonging. However, no person may be

counted in more than one racial/ethnic group. Racial/ethnic designations are requested only for United States citizens and for **resident aliens** (persons who have been lawfully admitted for permanent residence and who hold alien registration receipt cards (Form I-551/155)).

**Racial/ethnic descriptions** — Racial/ethnic designations as used in this survey do not denote scientific definitions of anthropological origins. The categories are —

- **Black, non-Hispanic** — A person having origins in any of the black racial groups of Africa (except those of Hispanic origin).
- **American Indian or Alaskan Native** — A person having origins in any of the original peoples of North America and who maintains cultural identification through tribal affiliation or community recognition.
- **Asian or Pacific Islander** — A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or Pacific Islands. This includes people from China, Japan, Korea, the Philippine Islands, American Samoa, India, and Vietnam.
- **Hispanic** — A person of Mexican, Puerto Rican, Cuban, Central, or South American, or other Spanish culture or origin, regardless of race.
- **White, non-Hispanic** — A person having origins in any of the original peoples of Europe, North Africa, or the Middle East (except those of Hispanic origin).

#### Other descriptive categories

- **Nonresident alien** — A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely. Resident aliens, who are not citizens or nationals of the United States and who have been lawfully admitted for permanent residence (and who hold alien registration receipt cards — Form I-551/155), are to be reported in the appropriate racial/ethnic categories along with United States citizens.

**NOTE** — Nonresident aliens are to be reported separately, on the lines provided, rather than in any of the five racial/ethnic categories described above.

- **Race/ethnicity unknown** — This category is used ONLY if the student did not select a racial/ethnic designation, AND the postsecondary institution finds it impossible to place the student in one of the aforementioned racial/ethnic categories during established enrollment procedures or in any post-enrollment identification or verification process.

In columns 15 and 16, report the grand total of all students enrolled in your institution regardless of race/ethnicity or citizenship.

#### Part B — ENROLLMENT OF STUDENTS BY AGE (Collected in odd-numbered years only)

**Relation to enrollment reported in Part A** — This distribution of students should include the same individuals counted in Part A. All directions regarding the date of the report, students to include, and categorization of students by attendance status and level, apply to this part.

**Age of students** — Use institutional records to calculate age. Report age as of the date of this fall report.
