Balanced Development Envisaged

Pre-Fab Housing Factory

Seventy-five percent of the cost of the second plan was under envisaged, according to President Karubi, the President of the National Assembly of Afghanistan. The President pointed out that the second plan was under envisaged in terms of the economic and social aspects of the country. He also discussed the implementation of the second plan and the government's efforts to ensure its success.

Neutrals' Dilemma At Geneva

"The continued dilemma facing the neutrals is to be able to keep with their hands off while the West's hands reach for the high people. We must either make ourselves so powerful that the neutrals can say no or make ourselves totally weak that the neutrals will have no choice but to come to our aid," said a UN official.

Political Debate On Plan

Mr. De'An and Mr. Valerian Some delegations have been present at the KABUL Court of Justice. The President of the Court, Mr. De'An, and Mr. Valerian Some will receive the Presiding Officer of the Court and the OAS Secretary-General. They will be accompanied by a special mission from the United Nations Educational, Scientific and Cultural Organization (UNESCO) for further correspondence. High officials from the United Nations and the OAS will also be present at the Court of Justice.

Bridging Gulf Between Pakistan and Afghanistan

A Pakistani delegation has been invited by Afghanistan to visit the country. The delegation will discuss the joint projects and the implementation of the Seoul Plan and the KABUL Agreement. The two countries have signed a joint statement to promote economic and cultural cooperation.

The KABUL Agreement was signed on April 15, 1962, between the President of Pakistan and the Prime Minister of Afghanistan. The agreement aimed to strengthen the ties between the two countries and to promote economic and cultural cooperation.

Preservation Of Masoud Khanda's

The Minister of Education and Culture, Mr. Yousaf Khan, has announced that a museum will be established in the capital to preserve the cultural heritage of Afghanistan.

The museum will house artifacts, manuscripts, and other cultural objects that reflect the rich history of Afghanistan. The museum will also serve as a center for research and education.

Afghan National Folk Dancing

Afghanistan has a rich cultural heritage, and folk dancing is an important part of the country's traditional and modern culture. The Afghan people have a love for music and dance, and these performances often include intricate movements and vibrant costumes.

Progress of Kataghan, The Former Takharistan

On the northern slopes of the Hindu Kush mountains is a beautiful landscape with green pastures and stony rocks. This area has been inhabited by the Afghan people for centuries, and it is home to a variety of plants and animals.

The city of Takharistan was once a significant agricultural and trade center, serving as a gateway to other parts of the country. Today, the region continues to attract visitors with its stunning scenery and cultural attractions.

Metric and Decimal System in Afghanistan

The metric and decimal system is widely used in Afghanistan, and it plays a crucial role in the country's economic and social development. The metric system, which is based on units of length, mass, and volume, is favored for its simplicity and ease of use.

The introduction of the metric system in Afghanistan has helped to standardize measurements and improve communication and trade within the country. It has also contributed to increased accuracy and efficiency in various fields, including science, engineering, and commerce.
