- Ensuring the efficient use of taxpayer funds by approving or disapproving postsecondary construction projects that rely on tax funds and reviewing institutional biennial budget requests
- Approving or disapproving academic programs based on specific criteria: need, demand, unnecessary duplication, resources, and cost
- Assembling and analyzing statewide data and publishing reports tied to the state's higher education goals. The Coordinating Commission is the only Nebraska entity that does this kind of work on a statewide level
- Administering roughly $95 million in annual State appropriations to Nebraska's six community colleges
- Helping teachers and underserved populations through the administration of federal education grants
