COMPLIANCE REQUIREMENTS FOR THE OFFICE FOR CIVIL RIGHTS

The Office for Civil Rights (OCR) and the National Center for Education Statistics (NCES), with the approval of the Office of Management and Budget, cooperate in the collection of racial/ethnic information from all postsecondary institutions for the Completions survey. Section 100.6(b) of the regulations implementing Title VI of the Civil Rights Act of 1964, set forth below, and similar provisions of the Title VI regulations of other federal agencies, authorize collection of this information.

100.6(b) Compliance Reports – Each recipient shall keep records and submit to the responsible Department official or his designee timely, complete and accurate compliance reports at such times and in such form and containing such information as the responsible Department official or his designee may determine to be necessary to enable him to ascertain whether the recipient has complied or is complying with this part. For example, recipients should have available for the Department racial and ethnic data showing the extent to which members of minority groups are beneficiaries of and participants in federally-assisted programs. In the case of any program under which a primary recipient extends Federal financial assistance to any other recipient, such other recipient shall also submit such compliance reports to the primary recipient as may be necessary to enable the primary recipient to carry out its obligations under this part.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 1850-0582. The time required to complete this information collection is estimated to vary from 30 minutes to 6.0 hours per response, with an average of 2.7 hours, including the time to review instructions, search existing data resources, gather and maintain the data needed, and complete and review the information collection. **If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to:** U.S. Department of Education, Information Management Team, Washington, DC 20202-4652. **If you have any comments or concerns regarding the status of your individual submission of this form, write directly to:**

In Part A of this survey, degrees to students with double majors are to be reported once, in the field in which the degree was awarded. **(NOTE — This is different from students receiving two degrees — these are both reported in Part A.)** The second component of the double major is not reported, which may result in misleading undercounts of some fields of study. In order to gauge the magnitude of this situation, NCES is asking institutions to provide counts of the number of associate's, bachelor's, master's, and doctor's degrees reported in Part A that were awarded with **double majors**.

Part B — CLARIFYING QUESTIONS
AWARDS/DEGREES CONFERRED BETWEEN JULY 1, 1998 AND JUNE 30, 1999

1. Double Majors

In Part A of this survey, degrees to students with double majors are to be reported once, in the field in which the degree was awarded. **(NOTE — This is different from students receiving two degrees — these are both reported in Part A.)** The second component of the double major is not reported, which may result in misleading undercounts of some fields of study. In order to gauge the magnitude of this situation, NCES is asking institutions to provide counts of the number of associate's, bachelor's, master's, and doctor's degrees reported in Part A that were awarded with **double majors**.
