TRIO Project Achieve is a federally-funded Student Support Services (SSS) program at the University of Nebraska Omaha. TRIO programs were the first national college access and retention programs to address serious social, economic and cultural barriers to education in the United States.

TRIO Project Achieve serves students who have been traditionally underrepresented in higher education. Activities and services emphasize development of skills necessary for becoming more efficient and independent learners.

Additional Resources
UNO Admissions
Counselling Center
Disability Services

TRIO Project Achieve provides support to UNO undergraduate students who qualify as first-generation students, students who meet established income guidelines, or students with disabilities.

TRIO Project Achieve uses a flexible and personalized approach. Each student is encouraged to participate in activities which meet his or her needs. Students and staff work together in clarifying students' skills in relation to their educational and career goals.
