Associate to Bachelor (A to B) articulation agreements allow students that have completed, or plan to complete an associate's degree, the opportunity to work directly towards their bachelor's degree. Below are specific program A to B Agreements made between individual University of Nebraska Omaha (UNO) Colleges and Community Colleges.

Institution Wide Agreements (General Education Agreements)

Metropolitan Community College (MCC)

Associate of Arts Liberal Arts Degree

Effective Summer 2013, students transferring from [Metropolitan Community College \(MCC\)](#) with an Associate in Arts (LATAA) degree **completed after 2010** will have fulfilled the University of Nebraska Omaha (UNO) general education requirements. This provision does not apply to Associate of Science degrees.

The following conditions should be noted:

- The student must have been awarded the Associate of Arts (AA) degree.
- If the student transfers before completing the AA degree at MCC, any transfer of credit will be subject to the standard course-by-course evaluation criteria (i.e., grades of D or lower will not be accepted for transfer credit; courses without a one-to-one equivalent with an approved UNO general education course will be evaluated individually for possible credit).
- Even if the student completed the AA degree, if there is a course on the MCC transcript with a grade of D, or lower, and that course is a prerequisite for a required course in the student's program at UNO, the grade of D will not be accepted for meeting the prerequisite. The course will need to be retaken and passed with a grade better than a D.

Central Community College (CCC)

Associate of Arts Degree

Effective Summer 2016, students transferring from Central Community College (CCC) with an Associate in Arts (AA) degree **completed after 2014** will have fulfilled the University of Nebraska Omaha (UNO) general education requirements. This provision does not apply to Associate of Science degrees.

The following conditions should be noted:

- The student must have been awarded the Associate of Arts (AA) degree.
- If the student transfers before completing the AA degree at CCC, any transfer of credit will be subject to the standard course-by-course evaluation criteria (e.g., grades of D or lower will not be accepted for transfer credit; courses without a one-to-one equivalent with an approved UNO general education course will be evaluated individually for possible credit).
- If a student completes the AA degree at CCC while attending UNO, the student's transfer credit will be evaluated in order to recognize their degree completion in accordance with this agreement.
- The student will be subject to all course prerequisite requirements stated in the UNO Undergraduate Catalog. Students must meet the minimum grade requirements for prerequisite courses as established by the student's college.
- The student will be subject to all other current graduation requirements in the

student's college, department, major, minor, and/or certificate program as stated in the UNO Undergraduate Catalog (e.g. those pertaining to the minimum number of semester hours required for the degree, standards of progress, upper-division progress, upper-division hours, and hours in residence).

- The student will receive lower division credit for all CCC transferable credits (up to 64 semester hours).
