University Committee on Technology Resources and Services

About the Committee

The University Committee on Technology Resources and Services shall be responsible for reviewing and recommending policies, procedures, and strategic planning affecting computing services and resources.

Change

The purpose of the Committee shall include evaluating the level of computing services available to students, faculty, and staff; evaluating technical capabilities; recommending computing resources and services; and providing representatives on intercampus committees involved in planning and reviewing computing policies and services.

The Committee shall advise the Associate Vice Chancellor for Technology on Information Technology Services issues and report its deliberations to the Chancellor. The minutes will go to the Executive Assistant to the Chancellor and Faculty Senate Committee on Educational Resources and Services, as well as an annual report due June 30.

Membership

The Committee consists of 26 members. 9 faculty selected by the Faculty Senate, 9 students selected by the Student Senate, 9 staff or administrators, and 5 ex-officio.

Of the 9 staff/administrative members, 5 are selected by the Vice Chancellor for Academic and Student Affairs, 3 by the Vice Chancellor for Business and Finance, and 1 by the Director of the Alumni Association.

Ex-officio: The Associate Vice Chancellor for Technology, Director of Academic Information Services, Director of Administrative Computing, Director of Information Technology Infrastructure, and a representative from Computer and Electronics Engineering shall serve, without vote.

Faculty, staff, and administrators serve 3-year, rotating terms. Students serve 1-year terms, renewable with the concurrence of the chair. Appointments are effective August 1. Terms of replacements, if needed, coincide with those of the original appointees.

Structure

The Committee shall elect its own chair from the membership and meet monthly during the academic year, and other times as necessary. The chair-elect shall be elected at the first meeting of the spring semester to take office as the chair the following academic year. The Committee shall have two subcommittees: one academic and one administrative, with representation from their respective functional areas. Student members may select the subcommittee on which they wish to serve. Each subcommittee shall elect its own chair and meet as frequently as necessary, reporting deliberations to the parent committee. Deliberations and/or decisions of the subcommittees shall be subject to the review/approval of the parent committee.
