Three Major Trends in Population

1. Nebraska’s population is becoming more and more concentrated in its most populous counties.

2. The state’s population is getting older and will continue to age.

3. The state’s population is becoming more racially and ethnically diverse.
State Population Summary

• In 2016, Nebraska’s estimated population was 1,907,116.
  – Record high; first time above the 1.9 million mark
  – Up 4.4% since 2010 (ranks 24th highest)
  – Compares to 4.7% national growth rate

• In 2010, Nebraska had a population count of 1,826,341 persons, an increase of 115,076 or 6.7% from the 2000 count of 1,711,265.
  – Nebraska ranked 30th highest in percentage change in population (an increase from 37th highest in 1990s).

• Nebraska’s growth rate of 6.7% in the 2000s was not as strong as the 8.4% rise seen in the 1990s.
  – However, it did exceed the average decade growth rate between 1950 and 2000 (5.3%).
  – The growth rate in the 1990s was the highest since the 1910s.
Nebraska Population Change Rate by Decade: 1900s to 2000s with 2010s Extrapolated from 2016

Sources: Decennial Censuses, 2016 Vintage Population Estimates, U.S. Census Bureau

Note: the 2010s decade rate is extrapolated based upon what is estimated to have occurred between 2010 and 2016.
County Population Summary

• 30 Nebraska counties gained population while 63 lost population between 2010 and 2016.
  – Compares to 24 growing counties in the 2000s, 40 in the 1990s, and only 10 in the 1980s.

• Nebraska’s 3 most populous counties, Douglas, Lancaster, and Sarpy counties are among the state’s fastest growing
  – In 2016, Douglas, Lancaster, and Sarpy surpassed 1 million residents, accounting for 54.7% of Nebraska’s population, up from 52.6% in 2010 and 48.9% in 2000.
  – These 3 counties grew 8.2% between 2010 and 2016 while the remaining 90 counties fell 0.2%.
  – These 3 counties grew 14.9% between 2000 and 2010 while the remaining 90 counties lost 1.1%.
County Population Summary (Continued)

• Between 2000 and 2010 and between 2010 and 2016 metropolitan counties (2013 definitions) added population, but nonmetropolitan counties lost population.

• Nebraska’s legislative districts were redrawn after the 2010 Census with metro areas gaining more representation.
  – Average legislative district size based on 2010 Census is 37,272 persons.
  – Legislative district 49 was moved from Northwest Nebraska to Sarpy County.
Population Change in Nebraska Counties: 2000-2010 and 2010-2015

Note: State of Nebraska Increased in Both Time Periods

- Increased 2000-2010 and Increased 2010-2015 (16 counties)
- Increased 2000-2010 and Decreased 2010-2015 (8 counties)
- Decreased 2000-2010 and Increased 2010-2015 (15 counties)
- Decreased 2000-2010 and Decreased 2010-2015 (54 counties)

Projections by Center for Public Affairs Research, UNO, Aug. 2013
Race and Hispanic/Latino Origin

• Nebraska’s population growth is predominately in its minority racial and ethnic groups.

• In 2016, the minority population was 20.4% of the state’s population
  – Up from 17.9% in 2010, 12.7% in 2000 and 7.4% in 1990

• Minority population is much younger
  – Relatively more under age 45
  – Relatively fewer age 45+

Nebraska Counties Categorized by Similar Characteristics for County Population Projections

Prepared by: UNO Center for Public Affairs Research

Note: the purpose of these classifications is to group similar counties so that more accurate aggregated birth, death, and net migration rates can be applied consistently to the age structure of the specific counties.

Counties that are not grouped and have their own specific rates (3):
Douglas    Lancaster    Sarpy

Counties with high levels of commuting or local jobs (7):
Cass        Cheyenne   Dodge    Gage    Otoe    Saunders    Washington

Counties that have a "regional center" in Nebraska (7):
Dakota      Dawson    Hall     Lincoln  Madison  Platte    Scotts Bluff

Counties that have a "major college" (3):
Buffalo     Dawes     Wayne

Counties that have a "minor college" (4):
Adams       Nemaha    Saline   Seward

Counties that have a city of at least 5,000 residents (5):
Box Butte    Colfax    Phelps   Red Willow York

Counties without a city of 5,000 that had a "relatively high" level of migration in the 2000s (32):
Arthur       Butler    Chase    Custer    Deuel    Franklin    Furnas    Garden
Garfield     Gosper    Greeley  Hamilton  Harlan    Hitchcock  Hooker    Howard
Jefferson     Johnson  Keith    Kimball  Knox     Logan     McPherson  Merrick
Nance        Nuckolls  Pawnee   Perkins   Polk     Sherman    Valley    Webster

Counties without a city of 5,000 that had a "relatively low" level of migration in the 2000s (32):
Antelope     Banner    Blaine   Boone    Boyd     Brown    Burt    Cedar
Cherry       Clay      Cuming   Dixon    Dundy    Fillmore  Frontier  Grant
Hayes        Holt      Kearney  Keya Paha Loup    Morrill   Pierce   Richardson
Rock         Sheridan  Sioux    Stanton  Thayer   Thomas   Thurston Wheeler
Population and Percentage Change for Nebraska: 1950 to 2010 with Projections 2020 to 2050

Percentage Change from Previous Decade

Total Population
Population for County Groups with Growing or Relatively Stable Populations:
1950 to 2010 with Projections 2020 to 2050

- Commuting or Local Jobs
- Regional Center
- Major College
- Small College
Population for County Groups with Declining Populations: 1950 to 2010 with Projections 2020 to 2050

- Other with City over 5,000
- No City of 5,000--High Migration
- No City of 5,000--Low Migration
