Reception For Chinese Delegation

Increase Of 100 Beds Planned For Women's Hospital

KARL, Aug. 1—Dr. Metin, Foreign Minister of Turkey, announced that his government will allocate an additional 100 beds to the Women's Hospital, the development of which has been opposed by the Turkish parliament. The extension of the hospital will be a major contribution to the advancement of women's health care in Turkey.

FOREIGN MINISTRY

For a Last Stand

Answering a question regarding his country's foreign policy, Mr. Rusk replied that the United States will not tolerate any aggression against its allies. The government is taking all necessary precautions to ensure the security of its allies.

Haitian Rebels Begin To topple Government

N.E. Corner Declared War Zone By Government

ANTO, DOMINO, December 11, 1960 (AP)—A Haitian rebel invasion force, with help from French troops, began operations yesterday to overthrow the government of President Duvalier. The rebels are supported by supporters of a rival faction and by sympathizers of the French military regime.

Committees

A committee was set up to investigate the allegations of corruption and mismanagement in the government. The committee will work under the supervision of the Ministry of Finance. There were reports of fraud and corruption in the government, but no official investigation has been made yet.

Cultural Centre

KARL, Aug. 1—A cultural centre was opened today by Mr. Rusk. The centre will serve as a hub for cultural activities and will be open to the public.

Music Experts Compliment

KARL, Aug. 1—The visiting music experts were welcomed by Mr. Rusk. They expressed their appreciation for the government's efforts in promoting music and culture.

U.S.A. REPORTED TO BE READY TO TALK FIRST ON SURPRISE ATTACK

Talks On Other Problems Begin Among Big Three

The United States has received reports from its intelligence agencies that the Soviet Union is preparing to invade Afghanistan. The reports indicate that the Soviet Union is building up its military forces near the Afghan border.

Operations

Dr. Metin expressed his concern about the situation in Afghanistan and called for an immediate halt to the build-up of military forces. He also expressed his support for the Afghan people and their fight for freedom.

THE Prime Minister's Press Conference and the Housing Problem

By ISRAEL'S SHERIFF
Prime Minister Dr. Mohammed Hafizullah Muszaffar on Wednesday evening held a press conference to discuss the government's policies and a number of pressing issues. The press conference was held at the Prime Minister's official residence in the city center.

Dr. Muszaffar began his address by saying that the government had been faced with a number of challenges since taking office. He highlighted the importance of providing affordable housing for the people of Afghanistan.

He went on to discuss the challenges of building new housing developments and the need for more investment in this area. Dr. Muszaffar emphasized the importance of involving the private sector in this endeavor.

The prime minister also addressed the issue of water and sanitation, which are major concerns in Afghanistan. He called for increased investment in these areas to improve the quality of life for the people.

Dr. Muszaffar concluded his press conference by thanking the media for their coverage of government policies and promising to continue to work towards a better future for Afghanistan.

The Use of School Uniforms

There are some advantages of having school uniforms. In this country, for example, students who wear uniforms are more likely to have higher test scores. This is because uniforms help to prevent the distraction of the classroom environment.

In addition to this, students who wear uniforms often feel more confident and secure. Uniforms can also help to reduce bullying and other forms of intimidation.

On the other hand, there are some disadvantages to having school uniforms. For example, some students may feel that uniforms do not reflect their individuality and creativity. Others may feel that uniforms are too expensive or that they do not fit well.

Regardless of these concerns, the benefits of school uniforms are clear. They help to promote a sense of community and belonging among students, and they can help to improve academic performance as well.

Importance of Telephone Services

By WALT DISNEY

As the demand for telephone services continues to grow, it is important that we ensure that these services are accessible to everyone. This is why we need to invest in the infrastructure that supports these services.

Telephone services are critical for communication and commerce. They provide a means for people to stay in touch with one another and to conduct business.

Pharmacists

Pharmacists are important members of the healthcare team. They are responsible for ensuring that patients receive the medication they need, as well as administering it correctly.

They must be knowledgeable about the properties of different medications, as well as the potential side effects and interactions. They must also be able to advise patients on how to take their medication safely.

In addition to these responsibilities, pharmacists must also be able to communicate effectively with patients. They must be able to explain complex medical terms in a way that patients can understand.

Pharmacists are an essential part of the healthcare system. They help to ensure that patients receive the care they need, and they play a critical role in ensuring the safety of the medication they dispense.
