Addis Ababa Picked-Up For OAU's Quarters

The capital of Ethiopia will house the headquarters of the Organization of African Unity (OAU). The declaration was made here yesterday by thechairman of the Organization of African Unity (OAU), the Organisation des E7tats de l'Afrique Noire (O.E.A.N.), the Organisation des E7tats de l'Afrique Centrale (O.E.A.C.), and the Organisation des E7tats de l'Afrique de l'Ouest (O.E.A.O.).

The declaration was made at a special session of the OAU held here yesterday. The chairman, who is also the head of the OAU, said that the decision was taken unanimously by the members of the organization. The capital of Addis Ababa was selected for the headquarters because it is the most suitable place for the purpose.

RUSK TO VISIT BONN ON WAY TO WASHINGTON

Bonn, Aug. 10, (Bett) Mr. D.R. M. Rusk, the U.S. Secretary of State, arrived here yesterday for a two days' visit. He is scheduled to meet with the Bonn government and to discuss several important issues with the German government. Mr. Rusk is expected to hold talks with Chancellor Ludwig Erhardt and other high officials of the West German government.

Addis Ababa was some of the first cities considered for the capital of the new federation of African nations, but it was decided to move the capital to Addis Ababa because of its strategic location and its rich cultural heritage. The capital of Addis Ababa is located in the highlands of Ethiopia, and it is the gateway to the Horn of Africa.

The announcement of the new capital was made by the Nigerian President, Dr. Nnamdi Azikiwe, who is also the chairman of the OAU. He said that the decision was taken after careful consideration of several factors, including the location, the population, and the cultural and historical significance of the cities.

The capital of Addis Ababa will be the seat of the OAU's secretariat and will house the headquarters of the organization. The capital will also serve as the venue for the annual meetings of the OAU's council of ministers. The OAU's headquarters will be located in the city's heart, and it will be a symbol of the African unity and cooperation.

The decision to move the capital to Addis Ababa was made unanimously by the members of the OAU after a careful consideration of several factors, including the location, the population, and the cultural and historical significance of the cities. The decision was taken in the interest of the African countries and their unity and cooperation.

The capital of Addis Ababa will be a symbol of the African unity and cooperation, and it will serve as the venue for the annual meetings of the OAU's council of ministers. The OAU's headquarters will be located in the city's heart, and it will be a symbol of the African unity and cooperation.

NEW ROLE FOR OUR SCHOOLS

By WARISHEM

The future of our farming crop, will be the key to our present and future. The growing of our country's soil is a task of vital importance. The Ministry of Agriculture and Food has taken steps to encourage and support the development of agriculture in the country.

The establishment of the Department of Agriculture in the Fifth Year of the Valley has been an important step forward. The department, under the able leadership of Mr. S. Khalil, has been working hard to improve the living standard of farmers and to promote agriculture.

The department has introduced new farming techniques and improved irrigation systems. It has also been providing support to farmers in terms of seeds, fertilizers, and other necessary inputs.

According to many experts, the success of agriculture in the Fifth Year of the Valley is largely due to the efforts of the Ministry of Agriculture and Food. The department has been working hard to improve the living standard of farmers and to promote agriculture.

Way Found So W. Germany May Take Positive Look to Joining Test Ban Accord
Spokesman Does Not Give Details

A SOLUTION which may lead to So. Germany's taking a positive attitude to the question of the acceptance of the nuclear test ban treaty is the announcement of a conference between Mr. Dean Rusk, U.S. Secretary of State, and West German Foreign Minister Willy Brandt late last week.

U.S. Should Ratify Test Ban Accord
Says Senator
WASHINGTON, Aug. 11 (AP)—A new technique for generating additional revenue for the United States was reported proposed by Senator John C. Stennis, D-Miss., who said it would not be dependent on higher taxes.

Mr. Stennis outlined his proposal to reporters at a press conference, saying that it would cost the federal government $3.8 billion over a 10-year period.

New Method to Overcome Silence On Spacships

PARIS, June 18 (AP)—No new helium for generating atomic bombs is to be used in Spacemissions, it was announced yesterday by the French Army Ministry.

Peter Guesnet of the University of Paris, who has been working on the problem for two years, said that the use of new helium would be a significant advance in the field of Spacemissions.

U.K. Agrees to Provide U.N.
With Means To Find North Borneo Sarawak's Views

LONDON, Aug. 11 (AP)—The British government has agreed to provide means to find North Borneo Sarawak, according to a statement issued here last night.

New Role for Our Schools

TAIPEI, Aug. 11 (AP)—The government has announced that its school system will be reorganized to provide a new role for our schools.
