Three men have committed suicide in Vietnam, the government announced yesterday. The men were killed in a single incident, the cause of which has not been determined.

The men were found in a small room in a residential area of Hanoi. The authorities said they believe the men may have been victims of a dispute over land rights.

The men were identified as Tran Van Tu, aged 35, and Tran Van Phuc, aged 38. Both men were residents of Hanoi.

The men were last seen alive on Tuesday evening. They were reportedly discussing a land dispute with a neighbor.

The authorities are investigating the incident to determine the cause of the deaths.
