Population census being
successfully implemented

The First Population Cen
sus of Afghanistan has
been successfully imple
mented. The census was
conducted on the basis of
Afghan law and regulato
ries. It was held in all
parts of the country
between January 1 and
March 31, 1979. The
results of the census are
expected to be released
soon. The census aimed
at gathering information
about the population,
including age, sex, mar-
tial status, education,
occupation, and housing
situation. The data will
be used for planning
purposes and to
improve the delivery of
public services.
