Arab League Foreign Ministers Meet
Israeli Plans To Divert-Jordan River To Be Discussed

MECCA, Apr. 1 (DPA)—The Arab League yesterday opened a conference in the Saudi Arabian capital of Riyadh with all member States, with the exception of Iraq being represented. Mecca Radio reported last night.

The conference is boycotting all League meetings in which delegations from Kuwait are taking part.

Saudi Arabia, Jordan, the Lebanon, Yemen, Kuwait, Morocco, Libya, Tunisia, and the Sudan.

Syria has asked her Riyadh Ambassador to represent her interests in the meeting while Egypt is represented by her Director of the Arab Affairs Department in the Arab League Foreign Ministry.

Before the actual opening of the conference, the League received the participating delegations at reception in his palace yesterday evening. Apart from the Israeli river project, the Arab League representatives also intend to discuss the latest incidents on the Israeli border and Israel’s approach to the European Common Market.

KENYA CONSTITUTIONAL TALKS DEADLOCKED

LONDON, Apr. 1 (REUTERS)—The Kenya Constitutional Conference in London became deadlockaded last night after day-long talks which failed to reach general agreement on all outstanding problems.

The conference ran into difficulties over police organization, after breaking a deadlock on Friday over the controversial question of land control.

The British Colonial Secretary, Mr. Reginald Madding, proposed a federal police system, which was accepted by the opposition Kenya African National Union (KANU) but rejected by the governing party, the Kenya African Democratic Union (KADU).

KADU leaders spent four hours with Colonial Office officials yesterday clarifying points in Mr. Madding’s proposal but the deadlock remained. Mr. Madding’s proposal was for a independent type of federal police organization with a Secretary-General of police appointed by the Head of State and advice of the Public Services Commission. He would then appoint regional police officers with the advice of the regional authorities.

Officials in London, who had hoped to be able to place the proposed Constitution, before the conference on Monday for further consultation, expressed disappointment at the deadlock last night.

Only on Friday the two major parties, the National Congress and the multi-party
t news service of the National Assembly, approved Mr. Madding’s proposals for the control of land—the vital issue was only agreed to after a two-hour conference.

Mr. Madding’s proposals were for a appointed type of federal police of 500 men and for the local police force to be limited to 120.

TRADE PROMOTION

The Commerce Ministry's new effort to find possibilities of increasing the Afghan trade in the Far East is timely. This has been similarly advocated by the Afghan government. Afghanistan's relations with Japan, Singapore, and Indonesia are already known to be good. The Ministry of Commerce in Kabul should especially gather for Afghan trade in the Far East. This would be a great gain for Afghanistan and the Far East. It is necessary to find a way to open an office in Kabul for Afghan trade in the Far East.
