This yearbook was a cooperative effort. It represents a gathering of the year’s events with the idea that each and all are a part of the whole. It is our hope that through this picture-plus-word presentation all may view the old, and find something new; view the new, and see the tradition; note that without THE PARTS the “whole” cannot exist; and without a STRUCTURE to the parts we cannot exist.
This is the nineteen sixty three edition of the TOMAHAWK, as edited by MALANIE JEUB.

Presenting the University in its basic form of organization, it follows the flow of that organization from the top to the bottom, from the inner circles to the outer edges of those same circles. It follows, as closely as possible, that chart prepared by the president of this University which indicates academic and fiscal responsibility of the many and varied segments which make up the whole. That chart has been reproduced as endsheets to this yearbook.
Observing this campus from many viewpoints indicates a character, a personality, a texture; particles of a combination, a structure, the structure of the University.
OUR CAMPUS is many things to many people, depending primarily upon how you view it. For some, it is merely a collection of buildings which house classrooms and laboratory space, a place to be when classes are in session. For others, it represents a focal point for social activities, with the Student Center as the hub of those activities. Still others see the campus as a combination of things, people, and events. The combination of particles, or parts, produce character, personality, texture. Thus seeing the texture, the quality of a surface, permits an individual to define his degree of involvement, his character, his role as a part of the structure, the structure of society.
The textures of building represent the beginnings, the means, the final product of individual particles. Brick, wood, steel, sand—each a part of the whole. The texture or character of each is indicative of the potential and quality of a work. Rough, smooth, hard, soft, strong, weak: individuals build a structure, a structure as strong as its smallest part.

May the awareness to detail be all important as we add and change the TEXTURES of character that belong to our University.
The people of Omaha elect the Board of Education, and the Board of Education in turn appoints members of the Board of Regents of the University of Omaha...
"Many ideas grow better when transplanted into another mind than in the one from which they sprang up."
The University is governed by a board of nine regents, each a resident of Omaha. Regents are appointed by the Omaha Board of Education for a term of four years, two being selected annually. THE BOARD OF REGENTS elects its own officers, establishes the policies which govern the University and certifies the mill-levy to the City Council each year.
THE PRESIDENT is directly responsible to the Board of Regents, having been delegated the responsibility of administering the set policy. Reporting directly to President Bail are Kirk E. Naylor, Dean of Administration, and Mrs. Thelma Engle, University Hostess. Faculty committees and the administrative council serve the President in an advisory capacity.
A man who puts in many eighteen-hour days, President Bail is "aided and abetted" by his secretary, Mrs. Hazel Spangler. Synonymous with the University, Dr. Bail is well-known to students, faculty and city leaders.
Eoderic B. Crane, Kayser Chair Professor of Economics, also serves as assistant to the president of the University, representing the President at various social and professional functions. In addition, he serves as chairman of the University's CURRICULUM COMMITTEE, a committee which has the responsibility of approving all course offerings of the University. Other members are: Dr. Ralph Wardle, Dean Robert Harper, Dr. George Harris, Dean Frank Gorman, Dean John Lucas, Dr. O. W. Snarr, Dean George Rachford, Dean Donald Woods, and Dean Carl Helmstadter.
The office of GENERAL PRINTING AND INFORMATION, under Robert S. McGranahan, is also directly responsible to the President. All printed materials, news releases and public relations activities are produced and carried on by this department. Administrative assistants to Mr. McGranahan are Carolyn M. Richmond and Norman G. Taylor, the sports information director.
Predictions by the University administration indicate that the enrollment will double in the next eight years or so. This means more classrooms, more laboratories, more faculty members. In order to cope with this influx of students, a "master plan" for expansion of the physical facilities of the campus was developed this past year, with President Bail playing the lead role in the development of that plan. Three new buildings are in the offing, plus additions to the Library (already under construction) and to the Applied Arts building.
THE COLLEGE OF APPLIED ARTS, under the direction of Dean Carl W. Helmstadter, embraces the departments of engineering, home economics, journalism, and nursing. In addition, supervision is provided for medical technology, counseling for the military science degree, and the general studies program. All your Indian sons and daughters
Pledge their loyalty to you.

And our victors' rousing cheer.

Proud Ak-Sar-Ben's storied name,
Cannot match the rising glory
Of our Alma Mater's name.

SIG EPS started the year with a successful sing—all charges were dropped. Formal Rush saw us screaming for the cream of the crop... the cream turned sour when grades came out. The Christmas party was embarrassing (thanks Denny and Ed). Masilko shrugged his way into office... Good Luck Sig Eps.
This is the TKE Coloring Book for 1962-63. Our President was John Knickman—color him busy; the Vice-President was Doug Primmer—color him with that useless color called L. B. J.; Jim Gammon survived the siege as secretary—color him stricken for life with writers' cramp; Bruce Will was Treasurer—color him gone to Mexico. Due to their unequalled enthusiasm, color the pledges worthless!

"THE DESPERATE HOURS," the University Theater's second production of the school year, was written by Joseph Hayes. The play imparted the plight of a normal family suddenly terrorized by three ruthless, desperate criminals. Jerry Scheschy, S. J. Johnson, Gary Wallace, Merle Reiff, F. B. Nelson, and Duayne Thompson portrayed the leading characters on the evenings of February 14th, 15th and 16th, for University audiences.

Under the direction of Dr. Edwin Clark "YOU CAN'T TAKE IT WITH YOU" involved a cast of fourteen. Louise Senez and Jerry Scheschy took the leads in the delightful comedy written by the late Moss Hart and George Kaufman.

The last moving, slap-stick comedy was under the direction of Dr. Edwin L. Clark. C. Harrold Bush was technical director-designer. Set designing was by Miss Jane Andersen, Assistant Professor of Art. Instructor of women’s P.E., Mrs. Linda Dooley was choreographer. Musical selections were directed by Dr. James Peterson, professor and head of the music department, and Melvin Olson, assistant professor of music.
One of the brightest and liveliest musicals ever to hit our stage came last spring. The exuberant Dogpatchers drew the audience into each whoopin' and stomping' act. With enthusiasm, coordination and confidence, "LI'L ABNER" was presented at the University of Omaha.
GRADUATION . . . that time when all the small particles of knowledge and experience are fitted together . . . that time when the student is faced with new obstacles . . . that time when he is placed before the field of his choice. This four-year procedure of combining the segments, enhances the character and personality of each graduating adult. The quality of instruction and absorbtion permits a student to define his degree of involvement, his character, his role as a part of the structure, the structure of society. At graduation the adult is the final product of individual particles.
Graduation begins with the traditional assembly of the senior procession. On our campus the assembly begins at the pillars of the east doors. Graduation June 4, 1971, was no exception with 551 candidates for degrees forming the commencement line.
Heading the SENIOR CLASS are Denny Graves, president; Ed Pechar, vice-president; and Marilynn Spear, secretary.

Under the leadership of Dean Donald Woods, the COLLEGE OF ADULT EDUCATION has maintained a position as a prime Omaha educator. In addition to the regular degree programs of the University, special programs are Bootstrap, TV Classroom, the Technical Institute, and the Community Service-Conference program.
A growing facet of the University is the COLLEGE OF ADULT EDUCATION which offers over 200 courses to further peoples college careers and cultural interests. Dean of the college is Donald Woods, above right. Dean Woods is assisted by Otto Snarr, above left. The CAE Staff Directors are Willis P. Rokes, Michel Beilis, Roy W. Nolte, William Utley and Bernard Behers.

Helping the CAE office to run smoothly are staff members Peggy Staley, Clody Wright, Bess Weinstein, Lenore Plymate and Barbara Mewhirter.
The TECHNICAL INSTITUTE, under the College of Adult Education, presents courses designed to serve the needs of the expanding industrial community and afford adults the opportunity to learn to perform the technical aspects of their jobs in a more effective manner. Advisor to the Institute is James Q. Hossack, Assistant Professor of Engineering.

A wide variety of educational conferences, workshops and service courses is developed each year for groups seeking special concentrated learning experience related to their profession, civic interests, or personal intellectual pursuits. Director of the COMMUNITY SERVICE PROGRAMS is Michel Beils.
Three series of programs providing educational features, data on international affairs and cultural enjoyment have been offered to students and the community through the College of Adult Education.

"American Music" was the theme of the 1962 spring AMERICAN HERITAGE series, which presented three guest artists in lecture-concerts and three programs by the University Music Department. Subjects included chamber music, classical music, music of the theater and a program on folk music by Win Stracke, founder of "The Old Town School of Folk Music."

"UNIVERSITY NIGHTS" ... eight adventures in learning probed the many beliefs and viewpoints of urban renewal (opposite page), offered a lecture on the Iron Curtain leaders and featured such films as "The World of Apu" and "Diabolique" (with French dialogue).

"Communism and the U.S. in Latin America," Vietnam, South Africa and "The European Common Market" were topics covered in the 17th annual INSTITUTE OF WORLD AFFAIRS.

"France and DeGaulle After Four Years" was discussed by Dr. Louis Gottschalk, distinguished service professor of history, University of Chicago.
All the students who took the first TV course for credit were invited to attend its TENTH ANNIVERSARY PROGRAM in April, 1962. Speakers Dean Donald Woods and Dr. Milo Bail congratulated the first TV CLASSROOM Director, Paul Borge.
"Seeing much, suffering much, studying much are the three pillars of learning" as exemplified by the 600 BOOTSTRAPPERS, whose presence is felt throughout the pulse of campus life by active participation in class discussions, the University's Debating Team, Intra-mural competition, and welcoming coffees and graduating banquets.

Registration . . . lectures . . . speakers . . . classroom workshops . . . and studies . . . all constitute the objectives of SUMMER SESSION.
... On the entertainment side, SUMMER THEATER presented "All the Way Home," "The Importance of Being Earnest," and An Evening of "Avante Garde" Theater: "The Bald Soprano" and "The Zoo Story," directed by Dr. Edwin Clark. Omaha University graduate Jerry Emery, directed the second production of Summer Theater.
It was a typical SUMMER SESSION at the University, busy people everywhere. In addition to classes, there was a sidewalk art exhibit, President Milo Bail’s convocation, tele-lectures on African, Asian and Pan American festivities, and the Dean’s coffee hour. The latter will long be remembered as one of the “wettest” affairs on campus during the year, for it literally rained cats and dogs just before Dean Donald Z. Woods and other University deans greeted Summer Session students.
Dean of ADMINISTRATION and Director of Academically-Related Activities Kirk E. Naylor has, perhaps, the most diverse position on campus. His activities include such items as the operation of the physical plant, the library, the business office, athletics, student publications, and a host of others. As dean, Dr. Naylor is responsible for the smooth operation of all those activities which are a necessary part to the academic responsibilities of the University, activities without which there would be no academic program.
To assist the librarians in determining policy for the functioning of the Library is the main responsibility of the LIBRARY COMMITTEE. This committee, under the chairmanship of Dr. Wilfred Payne and the assistance of Miss Ellen Lord, determines budget allocations, library usage, and book purchase policies. Other committee members include Dr. Holly Bethel, Dr. A. Stanley Trickett, Dean Kirk Naylor, Dr. C. R. Keppel, Mr. C. M. Bull, Dean Donald Woods, Mr. W. Harriman, Dr. Richard Allen, Dr. W. Jaynes, and Dean George Rachford.
An important aid to teaching is the service provided by the AUDIO-VISUAL Department, under the direction of Mr. Ronald Pullen. Assisting him are Mrs. Kay Swoboda, Mr. Ervin Heinz, and Miss Delores Ericson.
The purpose of the AIR FORCE ROTC DEPARTMENT is to select and train officers for the Air Force. Each cadet on completion of the ROTC program and upon graduation from the University receives a commission as Second Lieutenant in the USAF Reserve. Members of the department are seated, Lt. Colonel Emilio P. Ratti, Professor of Air Science, Director of Instruction; Lt. Colonel Shirl Swenson, Professor of Air Science, Head of the Department; Capt. Joseph Davis, Assistant Professor of Air Science, Commandant of Cadets; standing, S/Sgt. Billie Brown, Supply NCO; S/Sgt. Richard Grim, Cadet Records NCO and T/Sgt. Robert Hasaka, Chief Clerk.
The eleventh annual MILITARY BALL was held Friday, April 6, at Peony Park. Orchid corsages, leis, colored slides and special decorations provided a South Seas atmosphere. Diane Barker was named Angel Honorary Colonel, and Cadet First Lieutenant Terry Bernth was named commander of the Arnold Air Society. Honorary Lieutenant Colonels were Pat Van Voorhis and Georgia Clark, and Honorary Majors were Midge Butters, Sharon Johnson and Suzie Sipherd. Sixteen Angels were announced for the coming year. Intermission entertainment was provided by the Sabres Drill Team, the Marching Angels, the Comedy Drill Team, the Angelaires and the AFROTC Band.

ANGELS, as an honorary auxiliary of Arnold's Air Society, is both a social and service organization. Members are selected by the executive board on the basis of scholarship, leadership and enthusiasm. ARNOLD'S AIR SOCIETY is an advanced division of the AFROTC program. Two years of ROTC and official tests are required to become a member. Arnold's Air Society and Angels Flight cooperate in the production of the Military Ball and the Toys for Tots Drive.
The BUREAU OF INDUSTRIAL TESTING AND INSTITUTIONAL RESEARCH provides service in the form of test administration and attitude surveys to industrial concerns and institutions in Omaha. It also conducts research involving area industrial psychology. Pictured are: Dr. Gerald Ericksen, Assistant Professor of Psychology; Dr. William Jaynes, Assistant Professor and Head, Department of Psychology, and Director of Industrial Testing Institute; and Virginette Olson.

Setting policies for the Gateway and Tomahawk is the chief function of the BOARD OF STUDENT PUBLICATIONS. These policies are then carried out through the Director of Student Publications, Paul V. Peterson. The Board also approves the budget for these policies, and in addition is responsible for the appointment of all top editorial positions on the publications. Board members include; first row: Earlene Timm; Malanie Jeub, Tomahawk editor; Miss Jane Andersen, faculty yearbook advisor; and Mary Beth Meyers, Spring Gateway editor. Second row: Dean Donald Pilasterer; Robert McGranahan, faculty; Philip Vogt, faculty; Walter Graham, faculty; Dean Kirk Naylor; Paul V. Peterson, Chairman of the Board; and Arlo Grafton, Fall Gateway editor.
Final preparations and last minute changes are made on the GATEWAY on Thursdays. At the printers, the editors read proofs and put the paper through its final stages. Pictured on this page are editors Marilou, Mary Beth, Arlo, and Tom.
An unusual Friday would be when the Gateway's were not available for the students. And an unusual Wednesday in the GATEWAY office was when the place wasn't a beehive of activity preparing the paper. The staff, headed by Editor-in-Chief Arlo Grafton, prepared three special editions. The safety edition was entered in a national contest. Backing up Grafton were: Managing Editor, Mary Beth Meyers; News Editor, Paul Beavers; Sports Editor, Tom Ash and Society Editor, Marilou Thibault.
Despite the rush of Wednesday deadlines, the SPRING GATEWAY, under the editorship of Mary Beth Meyers, ably presented the University's news. Paul Beavers handled the news editors job for a second semester and was also the managing editor. Sheri Hronek handled the feature page, and Rosie Chlupacek served as director of the society section. Mike Moran edited the sports. Leo Meidlinger had the painstaking job of copy editor. Tom Ash was in charge of the make-up. Arlo Grafton headed a new department, special events.
Editor-in-Chief Melanie Jeub, Organizations Editor Marilou Thibault, Advertising Editor Mary Jane Cooper, Sports Editor Roger Brown, Faculty Editor Susan Kelley, Senior Editor Shirley Johnson, Photographer Denny Waterman, Faculty Advisor Jane Andersen, and Student Publications Director Paul V. Peterson. For an entire 365 days the TOMAHAWK staff has been working together to produce a seemingly small portion of your college years.

"The entire sum of existence is the magic of being needed by just one person."
In an Administration Auditorium depicting a wonderland of glittering lights and greens, Susan Faith Rester was crowned as the 1963 TOMAHAWK BEAUTY QUEEN on December 5. The elementary education major, representing Zeta Tau Alpha, topped a field of 17 to carry off the beauty honors. Others included in the top five were Nancy Kansler, fifth; Gail Browning, third; Melanie Jeub, second, and Kathleen Jorgensen, fourth.
Judges for the contest were Miss Doris Boetel, J. R. Townsend, and Kermit Hansen. In addition to judging beauty and poise, the judges also interviewed each candidate prior to their stage appearance.
Escorts for the contest were Arlo Grafton, Lynn McCallum, Dennis Madigan, and Mike Landers. Contest director was Barbara Shradar, the 1962 winner. She was assisted by Miss Jane Andersen, Dr. Edwin Clark, Mr. C. H. Bush, Miss Elizabeth Hill, and Mr. Paul V. Peterson. Jim Leslie served as master of ceremonies, and organ music was provided by Mr. Ernie Gorr. And, as has been the custom for the past decade, President Bail presented the queen with a bouquet of red roses.
OU’s 35-0 rout of Pittsburg State, the defending NAIA champions, brought to an end one of the most satisfying seasons in many years. The Indians wound up 7-1-1 overall and in CIC play. The only loss of the season was to Northern Illinois (13-7) and one tie to Fort Hays State (20-20). It was the best record for an OU team since 1955 when OU finished 8-1. Little Louie Miloni led the Indians in scoring and rushing. The shelling of Pittsburg State, defending national champs, plus OU’s outstanding season earned a bid to the ALL SPORTS BOWL in Oklahoma City against East Central Oklahoma State University. About 400 Omahans made the trip to Oklahoma and watched the Indians play one of their best games of the season as they defeated East Central by 34-21. Paul Blazevich won the Outstanding Lineman trophy while Carl Meyers walked off with the Outstanding Back trophy.

The 1962 FOOTBALL team members were:
The BASKETBALL team had its best season since 1955, winding up the season with a 10-11 overall record and a 4-6 conference record. According to coach Jim Borsheim the lack of good shooting was the main thing that kept the squad from winning more games. The squad had good depth and the ability of the freshman to pick up the art of defense so quickly proved to be a big asset to the squad. Freshman Jon Lloyd was the leading scorer on the squad.

Coach Virgil Yelkin's club wound up the 1961-62 season with an 18-6 mark and had the top OU sports win-loss percentage of .750.

The BASEBALL club, which has won 79 and lost 20 in the last four years, sacked up their fourth consecutive CIC (tied with St. Benedicts) and Kansas-Missouri-Nebraska League titles. Pitchers Barry Miller (11-0) and Steve Lipman (6-3) accounted for 17 of the 18 wins.

Ray Fehrman, Wayne Backes and Ken Smith paced the offense with averages of .449, .353 and .341 respectively.

To cap it off, Yelkin was named NAIA Baseball Coach of the Year and also was selected to direct the College World Series. The Indians passed up a fourth straight trip to the NAIA tournament in order for Yelkin to direct the Series.
The Omaha University TRACK scene was again spotlighted by Rocket Roger Sayers who captured headlines from coast to coast with his sprinting. The Rocket won the 60 yd. dash, 60 yd. low hurdles and the 440 in the CIC indoor track championships then captured the 100 and 220 titles in the CIC championships. He finished second in the 100 at the Kansas Relays and third at the Drake relays and dumped U.S. Champ Bob Hayes twice in the NAIA championships to win the 100 title. He was also among the leaders in the national AAU meet in Walnut, California. Jim Foster set a new OU broad jump mark with a leap of 24-5½ and Bruce Hunter hop-step-jumped 47-4½ for a new school record. Ou competed in nearly 20 meets this season, a new high for OU tracksters.
ROCKET ROGER SAYERS, defending NAIA 100 yard dash king, has lost only 11 of 77 races against the nation's top sprinters in his two year OU career. Selected as OU's athlete of the year last spring, he grabbed the Nebraska Athlete of Year award this fall after a fine football season.
TENNIS team members; First Row: Joe Benson, Mike McColley, Al Konecky. Second Row: Duncan Fraser, Bob Odgen, Mike Farmer, Ernie Gorr. Coach Ernie Gorr's tennis squad had rather tough sledding this year finishing the season with a 2-8 record. They finished fifth in the CIC tournament with 4 points.

Coach Ken Fischer's GOLFERS, under the leadership of Bill Giese, captured second place in the conference meet. Giese was CIC medalist and also competed in the NAIA Championships at Davenport, Iowa. The linksmen won 8 of 12 dual matches during the initial season.

The WRESTLING squad won five of eleven matches this season. George Crenshaw and Jim Fuxa both went undefeated and had one tie apiece. Injuries to key squad members was the biggest factor affecting the season. Crenshaw alone missed two matches because of injuries.
The "O" Club officers for the year were Mel Masek, president; Gerry Richardson, vice-president; Dave Gibson, Treasurer; and Dean Taylor, Chairman of the nominating committee. A formal initiation was held at the Fontenelle Park Pavilion on February 2 in which eight new members were initiated into the organization. They were: Joe Benson, Loren Drum, Ron Eissler, Jim Freelin, Neil Galloway, Don Henkel, Ron Hoham, Warren Lenz, Herb Rhodes, and Tom Wolff.
Overseeing the business affairs of the University is Dean of Administration, Kirk Naylor. BUSINESS DEPARTMENT heads are Harold Keelover, Controller; Bernard Koenig, Bookstore Manager; James Ochsner, Purchasing; Dorothy Wille, Staff Personnel and Clarence Lefler, Building and Grounds.
POST OFFICE: Ruby Hoag, Dennis Baity; CASHIER: Velma Titzell, Gladys Clark; BUSINESS OFFICE: Harold Keefover, Controller; Leroy Kozeny, Madaline Bosking, Ivan Christiansen, Carol Mustfield, Roger Hildreth, Imogene Blakeway; STENOGRAPHIC BUREAU: John Pearson, Rose Freeman, Bob Lavender, Vickie Nolan, Mary Ellen Lang, Theresa Stubblefield, Dorothy Nimrod, Ruth Olmstead; PBX: Corrado Huntington.
A new era was ushered in at OU this past year when DATA PROCESSING, or IBM to the initiated, went into operation. Despite the problems of handling cards and cards, registration did seem to get completed quicker than ever before. And we have been assured the bugs will all be out of the system soon! Heading the operation is B. L. Byers, assisted by James Unverferth, Rita Vance, Joyce Brown and Barbara Reed.
The STUDENT CENTER Hostesses and Information Desk clerks are, right, Hazel Hastings, Maurine Repogle, Agnus Powers and Bobette Crowder. In charge of the many people involved in Food Services (pictured below) are, above, Food Service Manager, Carol Graham and her assistants, Jo Larsen and Russell Oswald.

At right is Bowling Lanes Attendant Dennis Pokorny and Games Room Supervisor, Robert Haselton. The Student Center custodial staff includes, Stanley Adamson, Elmer Urban, Robert Gruber and Owen Koltz.
James Ochsner, head of the PURCHASING DEPARTMENT, and his staff purchase, receive and inventory all supplies for the entire University. His staff is first row, Shirley Jespersen and Naomi Brochtrup; second row, Joe Pecha and Mr. Ochsner.

Personnel Supervisor, Dorothy Wille, interviews all University job applicants for positions other than teaching and handles the faculty and staff insurance programs.

The students supply center and about the busiest place at the beginning of semesters is the BOOKSTORE managed by Bernard Koenig. Jo Elyn McGowen is the cashier, Joan Crofton the bookkeeper and Tom Hruska is the assistant manager.
The 24-hour a day 7-day a week job of keeping the University in tip-top shape is the job of the BUILDING and GROUNDS DEPARTMENT under the supervision of Clarance Lefler who is assisted by Robert Krenzer. The department consists of over 50 employees.
A local point of contact between the students and the University are the parking lots, and, although not strictly a part of the academic life of OU, parking is indeed a major University consideration. A five-member PARKING COMMITTEE has been charged with the responsibility for determining metered lots, paving and repair, and the system of fines for violators. Members include Dean Kirk Naylor, Mrs. Dorothy Wille, Harold Keefover, Mrs. Eunice Rowland, and Clarence Lefler.
The following section has been set aside for the advertisers whose support for the TOMAHAWK should not go unnoticed. It is the advertisers financial help that has helped to create this yearbook. With their help it has been possible to record a year of the University's activities. In reality, the advertisers join hands with the students and faculty to become the lifeblood of this yearbook.

That's the goal of education. This year's graduates have achieved those standards — but they know that it's only the beginning of their search, for the pursuit of excellence is a lifetime job. It's the same with us. Our dedicated field representatives, through years of training and experience, continually look for ways to offer still better service to our policyowners. We think this is a major reason for our continued sound growth. With our goals for better service growing ever higher, we look forward to a dynamic future. It's a future that includes new policies designed to meet new public needs — each of them representing our dedication to the search for "Ever Higher Standards of Excellence."
Everything that's really new is ELECTRIC

You will find, in whatever field of endeavor you may choose, everything that's really new is electric. In the home, business, industry, and agriculture, electricity is doing more things automatically every day. Electricity is the energy with a brain . . . it can turn itself on, complete its assigned task, and then terminate, all automatically.

Your electric servants and tools will work for you effortlessly and tirelessly . . . even while you rest, or busy yourself with other tasks.

And in the future, as new challenges and problems present themselves, electricity will help to meet and solve them . . .

OUR CHIEF’S LOOKING FOR INDIANS

AT MUTUAL OF OMAHA and United of Omaha we’re always looking for talented young people to fill positions which offer a challenge to their abilities. You’ll find the door to opportunity and advancement wide open. Mutual’s growth to leadership in the health insurance industry, a story that keeps repeating itself year after year, and United of Omaha’s dynamic rise in the field of life insurance foster a spirit and atmosphere of progress which leads to unlimited opportunity for achievement. For many years, the University of Omaha has provided us with men and women willing to accept the challenge. The extent of their careers is limited only by their willingness and imagination. When positions with higher reward and responsibility become available, it’s our policy to promote from within whenever possible. If you’re interested in joining our tribe, where success and opportunity are an everyday experience, drop by our wigwam on Farnam at 33rd. Daily councils are held in our Personnel Department between 8:00 a.m. and 4:45 p.m.

Malanie Jeub and Sue Kelly at the savings counter of COMMERCIAL SAVINGS AND LOAN ASSOCIATION'S new Mid-town Office, 4501 Dodge Street.
The flexible structure changes its parts to accommodate quantities; to achieve more quality and to grow and serve better its functions and inhabitants... In viewing some of the changes of our university we cannot help but quote:

"Today is not yesterday—We ourselves change.—How then can our works and thoughts, if they are always to be the fittest, continue always the same.—Change, indeed, is painful, yet ever needful; and if memory have its force and worth, so also has hope.—"

"All growth is endlessly enthralling."
Change can be advanced by associating with men with whom you can walk among the stars.
"To be interested in the changing seasons is a happier state of mind than to be hopelessly in love with spring."
“Every moment can be illuminated by the uncommon of the commonplace”
“Man alone, of all creatures on earth, can change his own pattern. Man alone is architect of his destiny.”
