Application Of Science Cairo Tribute For Development Work To Jamoluddin

AFGHANISTAN ATTACHES GREAT IMPORTANCE TO UNCSAT

KABUL, Feb 18—Afghanistan attaches great importance to the UN specialized agency for the peaceful use of outer space for the benefit of the developing countries.

The ambassador, pointing out that Afghanistan is one of the countries that would be held to account for its failure to contribute to the advancement of science in his country, said that he had discussed the matter with the government and that the government had appointed a representative to attend the UN conference on the subject.

Geneva Science Conference

A Great Success

GENEVA, Feb 18—(Spor)—The Geneva Science Conference, which ended yesterday, was a great success, according to sources in Geneva.

The conference was attended by 200 scientists from 20 countries, and was the first to be held in Geneva.

The conference was opened by President Jean Monnet, who said that the conference was a step towards the establishment of a new era of cooperation between nations.

The conference was closed by the French representative, who said that the conference had been a success and that the scientists had made important contributions.

Implementation Of Nassau Record

U.S. PROMISES TO BEGIN TANKS

WASHINGTON, Feb 18—President Truman yesterday promised to begin tanks, as soon as possible, to reinforce the United States Army in Europe.

The President said that the United States was determined to maintain a strong Army in Europe, and that tanks would be added to the Army at the earliest possible moment.

Mr. Truman also promised that the United States would continue to send troops to the United Nations, as soon as possible.

Iraq Resumes Transport Links With Kuwait

IRAQ TIMES, Feb 18—Iraq yesterday resumed the transport links with Kuwait, which were broken last year.

The move was welcomed by Kuwait, which had been waiting for a resumption of the transport links.

The resumption of the transport links is expected to strengthen the economic ties between the two countries.

Upward Trend Of Socialism in West Germany

BERLIN, Feb 18—The Social Democratic Party yesterday declared that the upward trend of socialism in West Germany was evident and that the Social Democrats would continue to work for the advancement of socialism in the country.

The statement was made by the party's leader, who said that the upward trend of socialism was evident and that the party would continue to work for its advancement.

Mr. Weizsäcker was speaking on the occasion of the opening of the Social Democratic Party's annual conference, which is being held in Berlin.

The conference is being held to discuss the party's program and to prepare the party for the general election, which is expected to be held in the autumn.

The Social Democrats have been at loggerheads with the Christian Democrats, who are the ruling party in West Germany, and have been unable to form a government until now.
Hurdles To EFTA Speeding Up Tariff Cuts

Ministers of the five European Economic Community (ECC) countries are working in a spirit of realism to get the barriers out of the way of economic intercourse within EFTA and to ensure that the group of nations covered by the Common Association Agreement for the European Free Trade Area (EFTA) become co-operators.

Following the failure of the last ministerial meeting in Brussels, the ministers agreed that the EFTA convention provides the best guarantee of reciprocal trade and commerce.

Kennedy And Congressional Leaders Confer

WASHINGTON, D.C. (AP) - President Kennedy met with the leaders of both houses of Congress today in his first meeting of the legislative branch.

The President, who has been widely criticized for his handling of the Vietnam War, sought to follow up the successful negotiations with the Democratic leadership.

Nationskwab, D.C. - The! President and other leaders met today to discuss the future of the country.

President Johnson and other leaders met today to discuss the future of the country.

The meeting came at a time when the Democratic leadership was faced with the need for a new legislative agenda.

The leaders agreed to work closely together to pass legislation that would benefit the country.

The meeting also discussed the need for a new legislative agenda.

An editorial was devoted to the subject, as was an article on "Men who made history."
