HOW TO CLEAN THE CITY?

Although the sanitation project launched by the Kabul Municipal Corporation, making use of a rented area against the Parwan Canal, was supposed to lead to a vast system of sanitation in the city, it appears that for people's health it is necessary to consider the project as one undertaken by it to provide them with assistance for its implementation. The project should be read as a source of help and guidance.

The project has been launched under the leadership of the city, where the problem of sanitation and water supply is very acute. The Municipality has done the该项目 as a source of help and guidance.

WORLD TRADE NECESSARY FOR WORLD ECONOMIC AND SOCIAL PROGRESS

By RAZAUR RASCIK

The economy of the world today is based on the principle of exchange and cooperation. This principle has been valid for centuries, and it is still valid today. For the sake of the world's economy, it is necessary for us to understand the importance of trade.

The main goal of world trade is to promote the growth of the world economy. It is a dynamic process that is constantly changing and evolving. Today's world is characterized by globalization and interdependence, and world trade is a key factor in this process. It is essential for us to understand the importance of world trade and its role in promoting the growth and development of the world economy.
