FACING THE CHALLENGE OF POVERTY

AFGHANISTAN

Afghanistan is a poor country, growing slowly. But after I speak from experience, NSA for the U.S. government, which has welcomed the new government of the U.S. in Afghanistan, the situation has significantly improved. The Afghan government has implemented various policies to reduce poverty, including education, healthcare, and infrastructure development. However, challenges remain in achieving sustainable poverty reduction.

At a Glance

The USAID mission in Afghanistan has been working on poverty reduction initiatives for several years. The focus has been on improving access to basic services such as healthcare and education, as well as promoting economic opportunities for the Afghan people. The mission has worked on various programs, including the Reconstruction Assistance Program (RAP), which aims to rebuild the country by investing in infrastructure and community development projects.

INDUSTRIES OF RATIONATIZATION ON TRADE AGREEMENT EXCHANGED BETWEEN AFGHANISTAN AND ITALY

The instruments of ratification were exchanged at the Ministry of Foreign Affairs in Kabul between Afghanistan and Italy. The agreement was signed by the Minister of Foreign Affairs of Afghanistan and the Italian ambassador to Kabul. The agreement aims to promote trade and investment between the two countries.

PANJ - WATER DEVELOPMENT SCHEME

PANJ - WATER DEVELOPMENT SCHEME

The PANJ is a transboundary river that flows through Afghanistan and Pakistan. The water development scheme aims to harness the potential of the river for irrigation and hydroelectric power generation. The scheme involves multiple stakeholders, including the Afghan government, the Pakistani government, and international organizations.

W. Germany Ready To Trade In Several Eastern Countries

W. Germany's trade with Eastern countries is expected to increase in the coming years. The Trade Ministry has identified several countries where German companies can expand their business activities. The countries include Poland, Hungary, and the Czech Republic. The Ministry is working on creating a favorable business environment for German companies to invest in these countries.
