THE PATTERN OF OUR SOCIAL WORK

Social work is an ideal method to solve the social problems in the country. Bangladesh is a multinational and multi-ethnic country. There are many social problems in the country due to the lack of understanding and lack of communication. Social work is the solution to these problems. The Ministry of Social Services is responsible for the implementation of social work in Bangladesh. The main objective of social work is to provide help to the people who are in need of assistance. Social work is the process of providing help and support to people who are facing difficulties in their lives.

Strange! Skeleton Found By Soviet Geologists

An unusual discovery of some 10,000 skeletons of a prehistoric species of human beings was reported by Soviet geologists who were engaged in exploration activities in the region where the remains were discovered. The skeletons were found in a cave in the southern region of the Soviet Union. The discovery is considered to be an important scientific find as it provides valuable information about the evolution of human beings. The skeleton remains were well preserved and could be studied in great detail. The scientists were able to determine the age, sex, and physical characteristics of the individuals. This discovery has generated a lot of interest and speculation among the scientific community.
